

Greets New Marine Instructor

Master Sgt. Lloyd Barker (right) greets Master Sgt. Stanley F. Watson who is replacing him as inspector-instructor with the Salem marine corps reserves. Barker will be reassigned after attending personnel administration school in South Carolina. (Marine corps photo).

2 Farm Tours Of Interest to Livestockmen

By Lillie L. Madsen
Farm Editor, The Statesman

Two Willamette valley farm tours, of special interest to livestock raisers, are scheduled for this coming week.

The first is scheduled for Polk county Dairy Herd Improvement association. The purpose is to show dairymen attending, modern, practical devices in loafing sheds, grass silage and liquid manure systems.

H. P. Ewalt, dairy specialist at Oregon State college will attend the tour. Plans call for meeting at the Chester Jenkins dairy, two and a half miles southeast of Rickreall at 10 a.m. The tour will terminate at 3:30 p.m.

The second tour is set for Marion county on Friday, March 17. Viewing sheep and modern sheep methods will be the object of the tour. This will start at the Ernest Andres farm at St. Louis at 10 a.m. From there the group will go to the Claude Sienusloff ranch in the Hazel Green district. The two final sheep farms visited during the day will be those of J. J. Thompson in Waldo Hills and Louis Hennies at Turner. The Marion county tour is being sponsored by the county livestock association of which Hennies is the president.

Hennies reports that plans for visiting other types of livestock farms are being made for later in the season. Members arranging this program state they felt it

was better if each type could be visited separately rather than to hold one tour and include beef, dairy, swine and sheep.

Beef cattle herds have increased rapidly in the valley in recent years, Hennies reports, and the tour being planned for this will have some revealing figures and facts to bring out.

Anyone interested is invited to attend either or both tours, sponsors report.

Planes Due Back from Cuba

PORTLAND, March 11-(AP)—Most of Oregon's planes from the good-will tour to Cuba are expected to wing home today. The flagship of the 86-plane

night landed at the airport here last night in a brief showstorm. Officials aboard said the other planes were en route home, almost without incident.

The one accident reported on the 8000-mile flight was an emergency landing and the repaired plane is now returning without injury to those aboard, tour Secretary Frank Womack said.

McCarthy Told To 'Put Up Or Shut Up'

WASHINGTON, March 11-(AP)—The state department told Senator McCarthy (R-Wis) today he should back up his claim of communism in the state department or retract the charge in the national interest.

The challenge was flung by Deputy Undersecretary of State John E. Peurifoy.

"If he isn't prepared to substantiate his charges, he should withdraw his allegations," Peurifoy said in a statement. "This is much too important to the country and its foreign policy to be left to innuendo."

McCarthy promptly retorted that the department has in its own files FBI data "which shows that every one of the cases is a bad security risk under (secretary of state) Acheson's own yardstick. This information is fully available to Acheson's man."

Peurifoy indicated that his statement was prompted by McCarthy's plans for basing his charges on a few "thoroughly documented" cases, instead of going into each case in detail.

"I was surprised," Peurifoy said, "to see that Senator McCarthy has stated he will not try to present the complete details on the 81 cases in which he claimed in his senate speech last February 26 that there are disloyal people in the state department."

"I think that Senator McCarthy owes it to the country to make available to the committee any evidence which he has that involves the loyalty of persons in the department of state, whether it be the 205 that he said were communists in wheeling, the 57 that he said were card carrying communists in Wheeling, the 57 four that he said weren't communists at all in Reno, the 81 that he mentioned on the floor of the senate, or just one."

Lumbermen's Group To Expand Advertising

PORTLAND, March 11-(AP)—The West Coast Lumbermen's association, seeking to expand lumber markets, said today it would begin four color, full page advertising in four national magazines this year.

The association appropriated \$50,000 for the ads, bringing its

1950 promotional budget to \$500,000.
