HONG KONG-(AP)-China's com-Frankenstein they created in Shanghai. They let salaries run wild in the early days of the occupation in their eagerness to win quick favor with the workers.

Peptic Ulcers Strike Many munists still are fighting the wage Divorced Men

CLEVELAND -(INS)-Experiments conducted at the University of Illinois have shown that peptic ulcers cause twice as many deaths among divorced men as among

married men. Dr. Andrew C. Ivy, vice-president in charge of health-profession colleges of the University of Illinois, has been studying the effect of tension states and emotioncarrying such announcements last al factors on the occurrence of

peptic ulcer. In a lecture at Cleveland Clinic recently, Dr. Ivy also said that the marital status had little bearing on the rate of ulcer deaths

among women. On the basis of statistics compiled by the British, wives of fianciers and professional men have the lowest mortality rate from

peptic ulcer, while their husbands have the highest. Wives of unskilled laborers, however, have as high a death rate from the disease as their nusbands, according to Dr. Ivy.

Dr. Ivy does not think that tension is the basic cause of the disease. He believes the ulcer results from excessive acid production plus a local disturbance in the blood supply of the stomach

Surgeons Develop Artificial Heart at Hospital in Ohio

COLUMBUS, O. -(INS)- Surgeons at Ohio State university are developing an artificial heart. If their experiments prove successful, the new mechanical heart may revolutionize present heart DAVIS

ed, most heart surgery must be performed blindly; with the surgeon probing inside a heart cham-ber filled with blood. He can't see what he is doing.

With the mechanical heart, they

hope to bypass blood from the heart chamber and pump it me-chanically through the body while urgeons work on the inactive heart compartment.
