

Bull Market Moves Stocks To New Highs

NEW YORK, April 12 (AP)—The bull stock market got back in the groove today after Tuesday's upset and reached a new 3 1/2-year peak.

Final prices were up fractions to an extreme of around 3 points. The only time during the day that the market showed any indication was at the opening, when heavy trading produced only minor price changes. From then on the direction was forward although progress at times was slow. Closing quotations were tops for the session in most cases.

Hard-hitting demand for aircraft stocks started the market rolling ahead. Buying power soon spread into other groups including the reluctant rails.

A notable angle of the market's pattern was the pink-up in interest in low-priced shares. Of the 15 most active stocks, only five sold about \$20 a share.

Trading was fastest in the morning and again in the final hour. Sales piled up to 2,010,000 shares, exactly even with Tuesday and the fourth time in a row that business in a full session has totaled 2,000,000 or more shares.

The Associated Press average of 60 stocks moved up 7 of one point to 76.2, a peak since Aug. 20, 1946. Only the rail group failed to reach a high for two or more years although the gap was a small one. A total of 1,132 individual stocks advanced, of which 663 advanced and 211 declined.

She's Lived 74 Years - In a Way

HOLLYWOOD - (INS) - Of all places - there is a single girl who hasn't been kissed!

She is Mary Sackett, one-time Hollywood postmistress, who recently celebrated her 74th birthday.

Miss Sackett, a spinster, insists that no man has ever kissed her. She says:

"I'm an old maid and I'm proud of it. I've never worn a bit of makeup, yet I had three proposals. Men have taken me out, but usually with a chaperone. I wouldn't let them kiss me good night and to this day no man has ever been allowed to put his arm around me. I never wanted a man cluttering up my house."

Miss Sackett has lived in Hollywood even before the movie camera started grinding out the epic. She was born on a Kentucky tobacco farm, but she has never smoked.

Rain Forecast Clips Boom in Wheat Futures

CHICAGO, April 12 (AP)—A forecast for a little moisture in the southwest today put an abrupt end at least temporarily to the dry weather boom in wheat.

The new crop wheat deliveries fell around 3 cents, taking a battering from commission houses and local traders throughout the session. Opening lower, they were able to stage only feeble and short-lived rallies before selling again washed them downward.

Other cereals also weakened, partly in sympathy with wheat. In general, all pits were influenced by an inclination on the part of bulls to take some profits which have been accumulated on the advance, which got underway back in early February.

Wheat closed 1 1/2-3/4 lower, corn was 1/4-1/2 lower, oats were 1/4-1/2 lower, rye was 1/2 to 2 1/2 cents lower and lard was 10 to 18 cents a hundred pounds lower.
