ORGANIZED LABOR **SUPPORTS** for GOVERNOR

We are urging all organized labor to stand squarely behind Senator Austin Flegel in his campaign to win the Democratic nomination for Governor of Oregon because:

His record of honest dealing with labor, or-ganizations as president of Willamette Iron and Steel Corporation during the war was outstanding. Ask any man who worked for WISCO!

Austin Flegel knows a picket line when he sees one—and respects it.

He stands for expanded social security and unemployment compensation.

He favors compulsory state industrial accident coverage of all industry. He vigorously opposed the so-called "Three-Way" bill, promoted by the insurance companies.

> He is the foremost advocate of repeal of the "seasonality" clause in unemployment com-pensation legislation.

> On old age pensions, his is a record of sound performance, as contrasted to the fantastic promises his opponents are making to get

> Austin Flegel will enter the office of governor with no commitments to special interest
