On Etiquette

By Roberta Lee

Q. What is the correct way to eat corn on the cob?
A. If the whole ear of corn is served, it should be broken in two, using a napkin to protect the hands. Season and eat only two rows of kernels at a time. If possible, use only one hand to hold the ear.

Q. If a girl is having only a simple, informal wedding, is it all right for her to write invitations by hand to her close friends, rather than mail engraved ones?
A. Yes; simple, informal notes, written on her personal stationery, are quite all right.

Q. What is the simplest manner of handling an introduction, and one that is always in good taste?
A. Merely, "Mrs. Jones, Mrs. Brown."
