corner. Priced right, 1660 N. Church

**Need Not Embarrass** Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wob-bled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug
