On Etiquette

By Roberta Lee

Q. On entering a restaurant or hotel dining room, does the woman precede the man?

A. If there is a waiter or head-waiter to assign the table, the woman follows the waiter. If not, the man goes first and chooses the table.

Q. Whom do the parents invite to the christening of their baby?

A. The list of those invited should be limited, chiefly close relatives and friends who might be expected to have a deep interest in the child.

Q. Should a man ignore a salutation if he is walking with a woman who greets a person who is a stranger to him?

A. No; he should return the greeting by lifting his hat.

The place of security

There is a realm where hope is no longer precarious. It is the realm of un-wavering spiritual understanding. It is the realm of Truth.

How may we find it? Through knowing (understanding) the same truth which Jesus knew, and which he promised would "make us free."

The Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, plainly shows the way. To any sincere student this great book steadily unlocks the treasures of truth in the Bible and proves, by healing the sick, their practicability today.

It may be bought, borrowed or read at all Christian Science Reading Rooms. The coupon is also for your use.
