

# Parade Features Fast-Stepping Band; Wreck Cripples Float

There were no awards for bands but a great crowd-pleaser was this fast stepping high school band from The Dalles at the Cherryland parade Saturday. Led by Evelyn Kohler (front center) it performed tricky steps and alternated waltz rhythms with marching tunes. (Statesman photo).

Second place award in the fraternal section of the Cherryland parade Saturday went to the float entered by Job's daughters, Bethel 35, of Salem. Shown standing are (from left) Jackie Jones, Queen Harriet Hiday and Jean Hartwell. Sitting in a group are Shirley Bier, Pat Todd, Carol Hewitt, Barbara Cone, Mary Shrunck, Nancy Moorefield and Sally Rasmussen. (Statesman photo).

One float which did not enter the Cherryland parade Saturday was the beautifully colored merry-go-round float of the Albany Timber carnival. Above is shown what was left after a traffic accident. The Albany contingent won a third place award, however, in the civic division. (Statesman photo).

Mrs. Agnes Schuckling (right), Salem's Cherry fair queen in 1949, had just as much fun in this year's Cherryland festival parade tossing roses to bystanders. Also on the float (left) is Donna DeLapp. Their Kola Acres float won third place in the commercial division. (Statesman photo).

## Soviets Adopt Navy Budget

MOSCOW, June 17 (AP) — The Supreme Soviet today adopted a budget providing more than 15,000,000,000 rubles for the new navy ministry.  
(At the official rate of four rubles to the dollar, this would be \$3,750,000,000, comparing with the \$4,141,000,000 President Truman asked for the U. S. navy in his budget message of January 9).  
The figures were announced by Finance Minister Arseny G. Zverev just before they had been approved by the council of the union and the council of nationalists, the two houses of the Soviet parliament.

## Garden Group Makes Tour at Sweet Home

SWEET HOME — Members of the Sweet Home Garden club went on a tour of inspection of members' flowers and gardens Monday. # X Crossings should be Seen and not Felt

WHEN the sign says "Stop, Look and Listen," the prudent driver does.  
But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?  
Not, good sir, when you're at a Buick's wheel.  
You step on the throttle, move easily, swiftly forward. Your wheels dance—your tires drum-roll over rail and plank.  
But four gentle coil springs, one on each wheel, are working their magic—and you hear rather than feel the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your travels. It's only one kind of discomfort your Buick's built to master.  
For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, weaveproof frame—soft, sure shock absorbers—even special engine mountings to minimize vibration.  
They can have the special added smoothness of Dynaflo Drive,\* cushioning power-thrust in spinning oil.  
So rough spots seem to level out

at your coming. Boulevards take on a new smoothness. You know what riding comfort is—why the Buick ride is called matchless.  
So how about it?  
Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill—and a story on price that eliminates your last excuse for not traveling in the Buick manner!  
Only BUICK has Dynaflo—and with it goes HIGHER-COMPRESSION Finball valve-in-head power in three engines. (New F-263 engine in SUPER models.) \* NEW-PATTERN STYLING, with MULTI-GUARD fenders, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride tires, low-pressure tires, side-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.
