

# Drivers Told to Watch Car License Expiration Date

Automobile owners who have failed to renew their automobile license expiring June 30, this year, on that date, and continue to drive their cars on the highways without a new license, will be subject to arrest, state police advised here Monday.

Approximately 650,000 licenses expire in June this year and a similar number during the remaining months of 1950 under the staggered license plan of the 1949 legislation.

Police said they have no discretion other than to check cars to determine if the owners have received or applied for license renewals.

June renewals will cover the period July 1, 1950, to June 30, 1951.

# War Scare Shoots Grain Prices Higher

CHICAGO, June 26 (AP)—The grain market got a war scare today and responded in the traditional manner—prices shot higher, led by soybeans and wheat.

With the Korean news providing the buying stimulus, grains opened on substantial advances and July and January soybeans and up 12 cents, the daily limit, within the first few minutes, the market backed down from there, but then came ahead again in the latter part of the session.

Wheat closed 1/4 to 5 cents higher, corn was 1 1/2-2% higher, oats were 1 to 1 1/2% higher, rye was 2 3/4-3% higher, soybeans were 7/8 to 9 cents higher and lard was 7/8 to 40 cents a hundred pounds higher.

There could hardly have been anything more surprising to the grain trade than developments in Korea over the week-end. When

brokers went home last Saturday, their desks were filled with 433 prosaic items as the amount of new crop wheat which might be sold or the possible damage from corn borers. There was no talk of a shooting war in Korea.

General grain news was lost in the war scare shuffle. Holland bought a cargo of No. 2 hard winter wheat for August shipments from Gulf of Mexico ports, but that hardly influenced the market.
