

## Truman Denies Differences on Korean Policy

By D. Harold Oliver  
WASHINGTON, June 29 (AP)—President Truman said emphatically today that "there isn't a word of truth" in Senator Taft's charge that the president reversed Secretary of State Acheson in sending military aid to Korea.

Permitting direct quotation of his reply to Taft's senate speech yesterday, the president told his news conference:

"I think the political statement of Taft at this time is entirely uncalled for."

Taft told the senate that Acheson had opposed intervention and that he should now resign. He charged administration "bungling" of far eastern policy "invited" the communist attack on south Korea and led to the present "de facto war."

The president today asserted there never have been any differences on Korean policy in his cabinet. He added Taft had not spoken the truth in saying Acheson had been reversed in the presidential order Tuesday to protect south Korea Formosa with American planes and warships.

A few matters other than the Korean situation were touched on at today's news conference.

Mr. Truman said he could not understand the 5 to 4 vote today against Sumner T. Pike's nomination for another term on the atomic energy commission—a vote taken by the senate members of the joint atomic energy committee.

Mr. Truman came out for the election of James Roosevelt, democratic nominee for governor of California. Yes, he said, he's supporting Roosevelt, who called on the president yesterday, and he's going to do anything he can to get him elected.

## Chinese Reds Blast U. S. for Formosa Policy

TOKYO, June 29 (AP)—Red Chinese leaders today charged that American protection of Formosa was "intervention," "armed aggression against the territory of China, and total violation of the United Nations charter."

The charges made by Chairman Mao Tze-tung and Foreign Minister Chou En-lai in a Peiping broadcast heard here, accused America of "inciting" the Korean war but stressed most strongly China's claim to Formosa.

Tuesday when President Truman ordered the U. S. seventh fleet to protect the strategic island from red invasion, he said that determination of its future status must await the restoration of security in the Pacific.

For once, nationalist China agreed with the reds—that Formosa belongs to China.

Nationalist China looks upon the United States not as a guardian over Formosa but as an ally in its defense. In other words, it doesn't want the sovereignty of the nationalist Chinese government on the island impaired.

### CAN TRANSPLANT LEGS

LONDON, June 29 (AP)—The Soviet news agency Tass said tonight Russian scientists now can transplant the hearts, lungs and legs of "warm-blooded animals." The agency said Prof. Pavel Mazev recently gave a lecture telling how he replaced the severed legs of dogs.

### ALASKA STRIKE SETTLED

ANCHORAGE, Alaska, June 29 (AP)—Settlement of a carpenters strike which has held up work on Alaska military projects was announced today.

### RAIL TALKS CONTINUE

CHICAGO, June 29 (AP)—Government mediators kept separate peace talks going with the railroads and unions today, but made no report on progress.

### PEDESTRIAN DIES

LEBANON, June 29 (AP)—Automobile injuries suffered June 5 claimed the life today of Warren A. Cooper, 84, of Lebanon. He was hit while crossing a street.

The number of telephone instruments in the United States rose from 6.1 million in 1937 to more than 40 million in 1949.

## 70-Group AAF Wins Senate Vote

WASHINGTON, June 29 (AP)—The senate today approved a bill authorizing — but not providing funds for — a 70-group air force.

Senator Chapman (D-Ky), floor manager for the bill, made it clear that it establishes "merely a basis for planning."

"We are not expecting an immediate appropriation," he told the senate.

## Talmadge Wins Renomination Bid in Georgia

By Charles Barrett  
ATLANTA, June 27 (AP)—Rural citadels of Gov. Herman Talmadge's white supremacy regime came through today to make his triumph complete in Georgia's democratic primary.

From the first returns last night, Talmadge held a whopping renomination margin in county unit votes—the decisive factor under Georgia's unique election system.

But through 16 hours of mounting reports, the red-galussed defender of "southern traditions" had varied scraps of support from M. E. Thompson in popular votes. This afternoon he swept into a slim lead in that column, too.

The victory kept Georgia firmly under the banner of a governor who vows he will never permit mixing of races, in a period of growing tension over racial segregation problems.

Veteran Sen. Walter George, conservative chairman of the senate finance committee and senior member of the foreign relations committee, landed to a sixth term.

## Fish Ready for New Hatchery

PORTLAND, June 29 (AP)—A half million fingerling Chinook salmon will be transferred July 5 to a new \$600,000 hatchery built in connection with Detroit 8th. Irvine French, state hatchery superintendent, said the fingerlings will be moved from the hatchery at Mehama on the north Santiam river to their new home at Marion Forks on Marion creek, tributary of the North Santiam, 15 miles above the dam.

## Boring Wins National Office

MINNEAPOLIS, June 29 (AP)—The west coast came in for exceptional prominence here at the recent convention of the International Association of (state) Boards of Examiners in Optometry.

Dr. E. E. Boring of Salem, Ore., was elected first vice president and Dr. Penn C. Crum of Portland, Ore., was chosen secretary. The two comprise a third of the organization's national executive council.

Dr. Boring, secretary of the Oregon state board of optometry examiners, returned to his office Thursday, after attending the Minneapolis parley.

### BABY CHICK GROUP ELECTS

CORVALLIS, June 29 (AP)—Election of Kelly Comstock, Portland, as president of the Oregon Baby Chick association was announced today. He succeeds Harry Brownell, Milwaukie.

### ELECTRONIC UNIT FORMED

MEDFORD, June 29 (AP)—The first of 12 navy reserve electronic companies to be organized in the northwest have been signed here. Four officers and 32 men make up the company.

### NO FAIRBANKS BLACKOUT

FAIRBANKS, Alaska, June 29 (AP)—A system of whistle blasts was set up today to warn Fairbanks in case of a war emergency, but no plans were needed for a blackout. Right now this far northern city is having daylight around the clock.

### ARMS AID VOTE SET

WASHINGTON, June 29 (AP)—A senate vote on the \$1,222,500,000 measure for arming noncommunist nations, including South Korea, was set for tomorrow with passage believed certain.

## School Bus Thief Sought In Cascades

ALBANY, June 29 (AP)—The Cascade mountains six miles northeast of Sweet Home were scoured today for a school bus thief, possibly armed and possibly a confederate of a man jailed here on safe-cracking charges.

Sheriff H. A. Southard and state police made the search, starting after a farmer named Lamson phoned that the school bus, stolen Tuesday night at Foster, had been abandoned near his McDowell creek home.

Southard, instead of writing the case off as a bus-for-a-joyride case, said he wanted to determine whether the man who took it might not have been a rifle-armed confederate of Ted Nichols.

Nichols is held here charged with a series of week-end burglaries and safe-cracking jobs. Police Chief Ray Maddy said Nichols had admitted three of them—two here and one near Lebanon.

Nichols was arrested in the Quartzville creek cabin of Dr. Henry Garnjobst of Corvallis, after Dr. Garnjobst had reported seeing two men, one armed with a rifle, in his cabin when he drove up there Sunday. Only one man—Nichols—was there when police arrived and today's quest was on the theory that his confederate had taken the bus and abandoned it on the mountain road last night.

## Federal Forest Regulations Start on July 1

PORTLAND, June 29 (AP)—Independence day vacationers were reminded today that federal forest fire regulations go into effect July 1.

Forest service headquarters said permits will be required in all Oregon and Washington national forests except the Rogue river, Siuslaw, Whitman, Umatilla and Olympic. Any ranger may issue permits.

Fireworks are banned. Smoking while traveling on any but hard-surfaced roads is prohibited. Campers must have shovels, axes and buckets.

## Child Dies from Wound Inflicted by Playmate

KLAMATH FALLS, June 29 (AP)—Sixty-six hours after a playmate hit him on the head with a board, Johnny Pratt, 6, died on a hospital operating table today.

Johnny and an 8-year-old playmate were playing Monday night at the Pratt suburban home. The other lad swung a board at Johnny's head. Johnny fell, unconscious. Surgeons decided upon an operation today to remove a blood clot on the brain.

He was the son of Mr. and Mrs. Louis Pratt. The father is a Southern Pacific yard man.

## Golf Tourney In Semifinals

VANCOUVER, B. C., June 29 (AP)—A youngster from Spokane hit a surprise from Bellingham showed their worth today as all Washington state semi-final was the outcome of the Men's quarter-final matches in the Pacific Northwest Golf association tournament.

Al Mengert of Spokane, only 19 but two-time United States junior champion, drubbed Seattle's Harry Gjolma 5 and 4.

The tournament surprise from Bellingham was Dave McBeth, who matched Evert Parent of Seattle hole for hole to win 2 and 1 over his smooth and experienced foe.

BAKERIES STILL STRUCK  
PORTLAND, June 29 (AP)—Striking bakers stuck to their demands for improved working conditions as their walkout reached its 12th day.

No prospects for a settlement were in sight.

## State Police Pull Lollipops On Poachers

PORTLAND, June 29 (AP)—Oregon state police are equipped with lollipops these days.

Here's why:  
Adults have been fishing in Westmoreland park lake—waters reserved for boys and girls under 13 years.

There isn't any law which says adults can't fish there. So state police, who act as Oregon's fish and game wardens, pull a lollipop when they come upon an adult fishing in the lake.

The sucker is supposed to make the fisherman feel so foolish he departs in shame.

Superintendent Harry C. Buckley of the city park bureau said he has high hopes for success of the plan.

## UAL, City to Move Airport Offices Today

The city's airport office and the United Air Lines station will move into the new airport administration building today.

Both offices will be operating at the new place Saturday. The city has just accepted the new building erected under contract to Henry G. Carl for \$37,398. The federal government paid about \$25,000 of the city's construction bill.

The across-the-airfield move will leave the present eastside building to the navy air facility. The U. S. weather bureau station will move later to the new structure on the west side of the airport.

United Air Lines technicians from Portland will be here today to move communications equipment into the new station space. UAL officials said their planes are publicizing the planned dedication program at the new administration building, set for August 6. In connection with the event, UAL menus that week will feature roast Oregon turkey.

## Bus Drivers Back on Job

PORTLAND, June 29 (AP)—Union bus drivers and shopmen went back to work at Portland Stages today, marking the end of a two and one-half months strike.

The workers, members of the AFL Motor Coach Employees union, won pay increases and other concessions.

The company had attempted to operate the runs to Gresham and Troutdale with non-union drivers. A company spokesman said full service would not be resumed until July 5.

## Albans Leads Decathlon Go

TULARE, Calif., June 29 (AP)—Bill Albans of the University of North Carolina moved into the lead as expected late tonight at the halfway point of the National Decathlon championship.

Defending Champion Bob Mathias, performing before around 6,000 fans gathered in warm weather, was 23 points behind at the end of the first five events of the gruelling 10-event program, which will be concluded tomorrow night.

Albans posted total score of 4,323 points and Mathias 4,230 to dominate the field of 18 athletes.

## Employment Office Pleads for 1,000 Cherry Pickers

Urgent pleas for 1,000 or more berry pickers issued Thursday from growers and the state employment service office in Salem, as the sun's heat ripened the fruit at all elevations simultaneously.

Throughout Marion and Polk counties, said Employment Manager W. H. Baillie, about 3,000 persons are picking cherries. Because the crop is heavy the growers are paying 2 1/2 and 3 cents per pound, workers are making substantial wages, he added.

A total of 445 pickers were hauled by growers from the employment office Thursday morning, but 10 growers were left without crews. The office is providing directions to numerous persons wishing to drive to orchards.

## Wasco County Buys Ferry

THE DALLES, June 29 (AP)—Wasco county plans to take over operation of The Dalles ferry Saturday.

County Judge Ward Webster said this would be the first step in a program for construction of a bridge across the Columbia river at Covington, three miles upstream from here.

The county will pay C. T. Smith \$300,000 for the ferry properties and title to landing facilities.

## Bank Boosts Interest Rate

Increase of interest rate from 1 to 1 1/2 per cent on savings deposits, effective July 1, was announced Thursday by Salem branch of the First National bank of Portland.

One Salem bank, Willamette Valley, has been paying the 1 1/2 per cent rate since Oct. 1, 1948, while officials of local branches of the U. S. National Bank of Portland said any announcement of change would come from the institution's annual meeting Friday.

The First National rate is limited to deposits up to \$10,000, with those above drawing only 1 per cent.

## Beaver Boys Elect Paulus

CORVALLIS, June 29 (AP)—Larry Paulus of Salem is chief of police of Beaver boys' state.

Next to governor, that is the state's top office. An election tomorrow will choose the governor. Nearly 200 boys are attending the annual six-day affair.

## House Passes Excise Tax Cut

WASHINGTON, June 29 (AP)—A bill slashing excise or "nuisance" taxes by \$1,010,000,000 a year and raising levies on large corporations by \$483,000,000 was rammed through the house today by a smashing 375 to 14 vote.

It now goes to the senate, where an uncertain fate awaits it in view of the Korean war and the tense international situation.

The measure would cut the excises, many of them imposed in World War II, of jewelry, furs, pocketbooks, movies, telephones, baby bottle warmers and scores of other items. The levies often are called nuisance or sales taxes.

MILITARY LEADER ILL  
SYDNEY, Australia, Friday, June 30 (AP)—Field Marshal Sir Thomas Blamey, 66, Australian army commander in chief in World War II, was gravely ill today at Mercy hospital in Melbourne.

## 5 Postal Carriers To Operate from Kingwood Station

Late arrival of furnishings will delay the business opening of Kingwood branch postoffice, but five carriers will begin operating from the station Saturday morning, Salem Postmaster Albert C. Gragg announced Thursday.

Originally scheduled for a July 1 opening, the building at 2nd street and Kingwood avenue is complete, but equipment has not yet come.

Distribution cases are to be installed today for mail delivered by two rural, two city and one mounter carriers, all operating on the west side of the river.

## Seattle Rushes Defense Plans

SEATTLE, June 29 (AP)—Just in case "it" happens, Seattle thinks she's ready.

Mayor William F. Devin's civil defense board reported today on what has been done to cope with a possible enemy air attack.

Among other things, air raid sirens used in the last war are being readied for installation, doctors and nurses have been listed and will be given assignments, school buildings and fire stations will be turned over to the medical division for use for first aid and other medical services.
