CARD OF THANKS
We wish to thank our friends and relatives for their words of sympathy, kindness and beautiful flowers at the time of our late bereavement.
Ray C. Walden and family.

Governor Receives Spurs from Shodeo Court

Friday visitors at Gov. Douglas McKay's offices were the royal court for McMinnville's 1950 Shodeo to be held July 1 through 4. Shown presenting a pair of spurs to the governor is Queen Dona Lee Greiner. Princesses Margaret Crutchfield and Mary Beal. (Statesman photo.)

McMinnville Shodeo Queen Brings Her Air Force to Salem

Queen of a community celebration who has her own private air force for fast travel—that was McMinnville's Shodeo queen, Dona Lee Greiner, who breezed into the Salem airport Thursday afternoon aboard a plane belonging to the air wing of the Yamhill county Sheriff's posse, sponsoring organization of the Shodeo.

A pert brunette and accomplished horsewoman, Queen Dona called on Governor Douglas McKay, invited him to take part in the Shodeo celebration July 1-4 in McMinnville, and presented him with a set of silver spurs. The 20-year-old queen was accompanied by her two princesses, Margaret Crutchfield of Carlton and Mary Beal of Dayton. She will be crowned in downtown McMinnville Saturday afternoon at 2:30. The show swings into high gear Saturday night with jalousy races scheduled for the Shodeo grounds west of the city.

Actual start of activities will get under way Sunday morning, July 2, with a "chuckwagon" breakfast at the McMinnville airport for visiting airmen of the Oregon Sportsmen's Pilots association. Top event Sunday is the thrill-filled Swede Ralston air circus which is scheduled for 2 p. m.

One of the top attractions on Monday's program will be a children's parade through downtown streets at 10:30 a. m. Smiley Burnette, film comedian, is to act as grand marshal for the kid's parade and will appear at afternoon and evening shows at the Shodeo grounds.

Rodeo and Shodeo events will be staged at the arena Monday afternoon, starting at 1:30. Some of the top riders in the Northwest will be gunning for \$2800 in prize money.

Tuesday will see a return to traditional Fourth of July activities in Yamhill county, opening the day with a gigantic 160-foot parade. That afternoon will see a repeat performance of Shodeo and rodeo events with the drill team of the Salem Saddle club as special guests.

Corn production for 1949 was 14 bushels per acre more than the 1935-'39 average in North America.

June Fails to Set Marriage License Mark

June failed to break all the marriage license records in Marion county but not because it didn't try for the first 26 days. Any applications after that were too late for June weddings, and only six couples appeared in the four days compared to a previous average of more than four daily.

The county clerk's office received applications for 120 marriages during the month, exceeding last June's figure by six.

But last month was in third place behind the 134 of June 1946, and August, 1949, and the 142 of August, 1948.

Farm Wages, Prices Lower Than in 1949

With the close of June, the U.S. department of agriculture reports that farm employment, farm wage rates and farm prices are all lower than a year ago.

Employment on United States farms during the latter part of May was down 3 per cent compared with a year earlier. The reduction was in both family and hired workers. All sections of the country showed decreases from last year, with the exception of the middle Atlantic states. Total farm employment in that region increased, as a decrease in family workers was more than offset by an increase in hired workers.

In the Pacific area, there were about the same number of family workers as a year ago, but hired workers decreased by 8 per cent. Farm wage rates on May 1, at 42.7 per cent of the 1910-1914 average, were about 1 per cent below May 1, 1949.

The United States patent office was established under an act signed by George Washington on April 10, 1790.

Wheat Conditions Said Excellent In Northwest

In the Pacific Northwest, wheat conditions are reported as being good to excellent. Harvesting, however, is expected to be about two weeks late. The earlier areas are expecting to begin about July 15.

Farmers in the Willamette valley reported Friday that rye grass seed was almost ripe enough to cut with a few fields to go down early next week.

Grass silage crops have been unusually good this season. Hay was also good, but considerable hay was lost as Grade A-feed by the rains. However, in some areas in the valley considerable early crop hay was harvested just prior to the heavy June rains.

Births

HANSEN — To Mr. and Mrs. Alvin Hansen, Salem route 6, box 398, a son, Thursday, June 29, at Salem Memorial hospital.

Field Seeds Imports Fall

Imports of field seeds into the United States fell off sharply during May and early June. Total for May was an even two million pounds, compared to almost three million during May, 1949. Imports of seed-oats and seed-wheat accounted for about two-thirds of the tonnage. Receipts of grass and legume seeds amounted to less than

500,000 pounds but nearly 200,000 pounds of winter rape seed were brought into this country. Among the small seed imports, arrival of about 11,000 pounds more ladino seed and nearly 15,000 pounds of chewing fescue is noteworthy. This brings ladino imports for the first 11 months of the importing season to about 87,000 pounds. This is less than a fourth the amount received during the same months a year earlier. On the other hand, receipts of chewing fescue seed have been much greater this season than last.

Kids Head First for Kaynee Swim Trunks

Little or big... he's a fish for water and Kaynee Swimwear dips, dives or dunks in best boy style. Whether he's dog paddle age or goes a swift crawl, Kaynee Swimwear makes a big splash in a lad's summertime living. Both styles with built-in support.
