Lineups All But Set

Vote Deadline Tonight For Annual 'Star' Tilt

CHICAGO, June 30 (AP)—The national All-Star poll to determine the starting lineups selected by the fans for the American and National Leagues 17th annual interleague game at Chicago's Comiskey park July 11 rolls to a climax tomorrow night.

Promptly at midnight the ballot boxes will be sealed in 288 centers, representing newspapers and radio stations in 47 states, District of Columbia, Hawaii and Puerto Rico. Final returns in the balloting will be announced for Monday morning newspapers.

The 11th hour returns will decide on some hotly contested spots in both leagues. Phil Rizzuto, a top flight major league player with the New York Yankees since 1941, but never a participant in an all-star game, probably will start at short. He leads Vern Stephens of the Boston Red Sox by 19,251 votes, polling 706,352 to 687,101 for Stephens.

Larry "Yogi" Berra, Yankee catcher, has a wider margin over another Red Sox veteran, Birdie Tebbets. Berra leads Tebbets by 51,177 votes. Phil Masi, Chicago White Sox, is third on voting strength mainly in the Chicago area.

Detroit's George Kell clings to his lead as the poll's highest individual vote getter with 918,457. Brooklyn's Jackie Robinson is second with 871,642; Ted Williams, Boston Red Sox, third with 852,156 and Stan Musial, St. Louis Cardinals, fourth with 834,124.

Aussie Netters Top Americans

(Continued from preceding page) Gussie Moran of Santa Monica, Calif., showed the latest in her long series of tennis court fashion, a pair of delicately scalloped filmy briefs. She teamed with Adrian Quist to win a third round mixed doubles match from Drago Mitic and Miss Ward, 6-3, 7-5.

In the women's singles, again it was Miss Hart who looked like the future champion. Her easy 6-2, 6-3 victory over little Gem Hoah-ling of Britain — the girl who beat Gussie Moran a year ago — was far more impressive than the victories scored by Miss Brough, or Mrs. DuPont, seeded No. 2. Dorothy Head of Alameda, Calif., lost one set to Mrs. Thelma Long of Australia, but recovered to post a 6-3, 5-7, 6-2 victory.

Still left in women's singles are Miss Hart, Miss Brough, Mrs. DuPont, Miss Head, Miss Fry, Miss Moran, Nancy Chaffee, Barbara Scofield, and Mrs. Todd of the United States, Mrs. Maria Weiss of Argentina, and six British players, Mrs. Betty Hilton Harrison, Joan Curry, Jean Quertier, Mrs. W. C. Halford, Mrs. Roy McKelvie and F. M. Andrews.

He Thinks New Boat'll Do It

'Slo-Mo-Shun' Designer Eyes 200 MPH Record

SEATTLE, June 30 (AP)—You haven't seen anything yet, says the designer of "Slo-Mo-Shun IV," the Rakish craft that cracked the world's record for unlimited hydroplanes.

Ted Jones said he has another record-breaking speedboat, one that may do more than 200 mph, on the drawing board. He declined to give additional information on his new world-beater, only to say that building plans were not complete.

"I'm sure she'll do 200 miles an hour, or over, once I get her built and in the water," Jones said.

That would be 40 miles an hour faster than the 160.3235 set by the Slo-Mo-Shun on Lake Washington here early Monday. The old mark of 141.74 was set by Sir Malcolm Campbell on Lake Coniston, England, in 1939.

Owner-Pilot Stan Sayres gunned the Slo-Mo-Shun to the new record. A record try last week was halted by a broken drive shaft. Jones said he and Sayres "didn't have too much confidence in the replacement because it was an old one."

The first run down the measured mile course in the record try was missed by the timing device. "We hit around 17 that time. We knew then we could break the record easily so we eased up a bit," Jones said.

Jones will pilot the Slo-Mo-Shun in the gold cup races at Detroit about July 22. After that race Jones will defend his 18-year hold on the Northwest Inboard hydroplane championship, driving his own new boat soon to come from the builders.

In the meantime, if somebody comes along and cracks the Slo-Mo-Shun's new record, Jones said he and Sayres would climb aboard and "try to slap it up another notch or two."

... there never was a rematch. I have searched the Everlast Record Book, Encyclopedia Britannia and Capt. Fact is, there is a lot of smart money around the tracks today that believes the turtle can't repeat — "Just a flash in the pan," they call that turtle.

And that's how it is with low prices . . . I might be undersold in a flash sale, but day after day you'll find better buys out here in the low rent district, where there's plenty of parking.

Poison Found in Mussels, Clams

Warning against eating of mussels or uncleaned clams found along Pacific beaches was reiterated Friday by the state board of health and Marion county health department. They said that these seafoods, banned for commercial sale from May 1 to October 31, may contain a strong alkaloid poison dangerous to humans and animals.

Health officers said all black portions of the clams should be removed before eating, and mussels should not be eaten at all during the period. The poison results from consumption by the creatures of a tiny organism from the ocean during the summer and is harbored in the digestive tract.
