

Water Supply Questionnaires In Mails at Silverton

By Lillie Madsen
Statesman News Service

SILVERTON — A total of 1,828 letters went out from city offices here Tuesday to registered voters of the city in an effort to obtain the preference of the voters on the site to be selected for Silverton's new municipal water supply dam.

In each letter was a return-addressed postal card bearing three questions on which the people of Silverton were asked to express their opinion. The first statement was a recommendation for the construction of a dam on Abiqua creek at the "upper" location. The second was for the so-called lower location and the third issue was for a water filtration plant to be provided.

The letter which accompanied the cards stated that they were mailed to "learn the wishes of the citizens of Silverton."

Any plan chosen, the letter stated, will be paid for from the proceeds of the water system through the issue of revenue bonds. To obtain the lowest rate of interest "it is necessary to pledge the full faith and credit of our municipality. We have a letter stating either plan can be financed at 2 1/2 per cent or less."

Gravity Flow Recommended
The system, the letter continued, should be a gravity flow system, operating independently of any outside power and will of necessity be a permanent installation.

At present, 12 inch pipe lines from Morley Crossing to the city is 30 years or more old and should be replaced as soon as possible due to leakage, resulting in a loss of delivered water.

The report prepared by the J. W. Cunningham and Associates, consulting engineers, and included in part in the letter, shows that "the upper dam site with 14 inch pipe will produce 2,000,000 gallons per day at a cost per million gallons of \$97,050. The dam itself with necessary 14 inch connecting pipe is \$79,600.

The lower dam site with 16 inch pipe will produce 2,150,000 gallons per day, at a cost of \$145,000 per million gallons. The 16 inch pipe from the Morley Crossing, about four miles east of Silverton, to the reservoir, required for 1,700,000 gallons per day is estimated to cost \$137,600 which amount is \$23,100 more than the cost of the 14 inch pipe needed for the upper site for the same distance. As this will be

Dallas Mystery Car Returned to Portland Owner

Statesman News Service
DALLAS — The auto abandoned on the coast highway near the Jake Reimer place several weeks ago, has been claimed by the legal owner, a bank in Portland, and taken to the city, according to Tony Neufeldt, deputy sheriff.

Neufeldt said Warren Parker, one of the registered owners, has not been located. The bank informed Neufeldt that they would notify him when they received information about the missing man. Parker and Betty J. Douglas apparently had bought the car from a Portland dealer.

The auto was left on the highway nearly a week with keys in the ignition, doors unlocked and suitcase inside. No one has seen Parker.

Eastern Folk Visit Mt. Angel

Statesman News Service
MT. ANGEL — Adele Miller and Jerry Kinzelman of Washington, D. C. and Miss Marge Brockhaus, Portland arrived here Sunday afternoon by car from Los Angeles. They were dinner guests that night at the home of Mr. and Mrs. Joseph Brockhaus. On Monday they visited with the Rev. Thomas Brockhaus at St. Benedict's abbey.

Kinzelman has been employed at Palo Alto by the navy for the past three months, and is returning to his work at Washington, D. C. Miss Miller and Miss Brockhaus are returning with him as his guests.

En route they will visit Glacier and Yellowstone national parks and stop over at Milwaukee, Wis., and Chicago to visit with relatives and friends.

Miss Brockhaus will return to Oregon by way of Baltimore where she will visit with her sister and

family, Mr. and Mrs. R. J. Crobarger.

Donald Wavra, 10-year-old son of Mr. and Mrs. Joe Wavra is confined with a severely cut leg. In climbing over a fence on his way to hoe corn, Donald fell on his newly sharpened hoe and cut his leg to the bone. It was necessary to take 20 stitches.

The Statesman, Salem, Oregon, Wednesday, July 18, 1950—3

Visiting at the Joe Wavra and John Schmitz homes last week were Dr. and Mrs. Carl Hamback and children, Ralph and Kathy of Milwaukee, Wis. Mrs. Hamback is a cousin of Wavra and Mrs. Schmitz and this was their first

trip west. They came out by way of California and will return via the northern route.
