Dunne Starts Move Toward Political Race

PORTLAND, July 20—(AP)—Joe E. Dunne, 68-year-old Portland pension advocate, today took the first step necessary to become an independent candidate for governor.

He called a nominating meeting to be held here July 31. Dunne earlier announced he would run if Governor McKay again became the republican candidate for the office and Austin Fliegel became the democratic candidate. He dislikes their views on old-age pensions. Both McKay and Fliegel won their party's nominations. Dunne, a long-time republican state legislator, has until Aug 14 to file his nomination papers.

Fund Awaited To Determine Guard Status

PORTLAND, July 20—(AP)—If congress provides money, Oregon's national guard will be put quickly on war footing. Maj. Gen. Thomas E. Riley, state adjutant general, said he was advised that the guard will be authorized to increase personnel and training activities at once if President Truman's military budget is passed by congress.

Officer personnel then would be brought to full wartime strength and enlisted personnel to 50 per cent. Training would drill twice weekly instead of once, and likely would be held near the unit's home stations, as they did in 1939. Regular summer maneuvers already have been held at Fort Lewis and at Camp Clatsop. The adjutant general said he was given no information on plans for calling on the guard. The present situation is that the guard will be prepared for quick mobilization in case of need, he said.

L. L. Thornton Dies; Services Set Saturday

Ladru L. Thornton, 69, longtime employe of the Valley Motor company in Salem, died Thursday following a series of heart attacks.

Thornton was first stricken Tuesday while driving his automobile on State street. He was taken to a Salem hospital and subsequent attacks led to his death. A member of an old Oregon pioneer family, Thornton was born at Unionvale 69 years ago, the son of John Thornton and Ann Eliza Thornton. He came to Salem in 1924 and since 1934 had been with the sales division of the Valley Motor company.

Thornton was a member of the First Evangelical United Brethren church of Salem and for 18 years was superintendent of the Sunday school at the church.

Surviving are the widow, Mrs. Rada A. Thornton, Salem; son, Leo Thornton of Oak Grove and two grandchildren. Services will be held Saturday at 2:30 p.m. in the First Evangelical United Brethren church with the Rev. Wilmer N. Brown and the Rev. E. Fisher officiating. Interment will be in the Hopwell cemetery under the direction of the Howell-Edwards chapel.

Wheat Up on Chicago Mart; 'Ceiling' Eyed

CHICAGO, July 20—(AP)—Demand for wheat could not be called urgent today, but it nevertheless sufficed to send all contracts into new seasonal high ground.

Firmness in the bread cereal helped most of the rest of the market to overcome early hesitancy. But that did not apply to July soybeans. They were offered down 10 cents, the daily limit, right at the start and never managed to climb off this bottom.

Wheat closed 1 1/2-1 3/4 higher, corn 1/2 lower to 3/4 higher, oats 3/4-1 1/2 higher, rye 1/4 lower to 1/2 higher, soybeans unchanged to 10 cents lower and lard 15 to 30 cents a hundred pounds higher.

Much comment was heard about one item in President Truman's message to congress—the request to sell the government stocks of farm products at current price support levels, provided these are not below the market level.

Some grain men felt this put an "absolute ceiling" on grains at around \$2.31 a bushel on wheat, \$1.62 on corn and 77 cents on oats, which are the estimated

Stallion Fights Off Assault From Cougar

ALBANY, Ore., July 20—(AP)—A Palomino stallion that fought off a cougar's attack on his mare and her colt was being treated today. Nobody saw the fight, but residents of the Parrish Gap area in Marion county said there was little doubt that was how the horse was badly clawed, and both the mare and the colt were scratched. Mrs. Dale Harnisch, owner of the horses, said she found the mare and the colt bleeding profusely yesterday. There was evidence of the cougar attack. Harnisch and Dale Pirest, assistant Linn county agent, put a bound on the trail, but could not find the big cat. Evidence indicated it either was an old one, or that it had been wounded.
