

## Company G Commended For Efficiency

Col. Roy Hawk, 2nd battalion commander, and Maj. Henry Klausen, battalion S-3, both of Portland, inspected training Thursday night at the regular meeting of Company G, 162nd Infantry regiment.

Hawk praised the company, commanded by Capt. William Dyer, for training efficiency and pointed out for special comment the target practice expedient designed by the unit for firing the recoilless 57mm rifle.

A .22 calibre barrel has been centered in a 57 mm cartridge to permit indoor target firing of the weapon. Members of the gun squad recorded several bulls eyes on the range Thursday night.

Company G, like other national guard units, is seeking recruits to fill its ranks ahead of any possible mobilization of the 41st infantry division of which they are a part. Companies of the 2nd battalion are in competition to see which reaches its quota first. Other units are headquartered in Portland.

## Rose Society Has Meeting at Brady Home

Sixty members of the Salem Rose society were guests of their president, Robert Brady, and Mrs. Brady Thursday night at their suburban home.

Following a no-host picnic in the gardens a brief business meeting was held, during which Brady and A. L. Linbeck were made delegates to the Council of Salem Garden clubs.

The society also voted to earmark \$100 for the proposed rose garden in Bush's pasture. Dr. Earl Benbow of Dallas suggested that members of the Salem group visit the Lewis & Clark college rose gardens at Portland as an example of an excellently planned garden.

Mrs. Ben Maxwell, president of the Salem Garden club, announced that club's Salem garden tour August 2 from 2 to 6 p.m. will include a tea from 3 to 6 p.m. and Mrs. Douglas McKay's garden.

## Salem Obituaries

**UPJOHN**  
Donald H. Upjohn, at the residence 84 S. Liberty, three children, Mrs. Byrd Upjohn, Salem; daughters, Mrs. Margaret E. Custer, Clough-Barrick, and Mrs. Rowena M. Walker, McMinnville; Mrs. Florence V. Paulson, Salem; Mrs. Donna L. Brown, Silverton; and Barbara Upjohn, Salem; sons, Dr. Richard H. Upjohn, Salem, and William B. Upjohn, Oak Lake, Ore.; brothers, Dr. Lawrence Upjohn, Kalamazoo, Mich.; J. C. Upjohn, Ramona, Calif.; and H. S. Upjohn, Carlsbad, Calif.; granddaughters, Elizabeth Ann Upjohn, Karen Louise Paulson, Donald Henry Upjohn, II, and Stephen Michael Paulson, all of Salem; and Douglas Arlie Walker, McMinnville. Services will be held Friday, July 21, at 2 p.m. at the Clough-Barrick chapel with the Rev. George H. Swift officiating. Interment in Belcrest Memorial park.

**BROWN**  
Thomas Brown, at the residence at Salem route 1, July 18, at the age of 68. Survived by his widow, Marvel Brown, Salem; three children, Dorothy, Beverly and Dean Brown, all of Salem; a brother, James Brown, Westmillon, S. D.; and four nephews and two nieces. Services will be held Friday, July 21, at 2 p.m. at the Hopewell United Brethren church with the Rev. H. Horton officiating. Interment will be in Hopewell cemetery under direction of the W. T. Higdon company.

**FAULKNER**  
Charles V. Faulkner, at the residence at 1000 N. Cottage, July 19. Survived by his widow, Ida F. Faulkner, Salem; and two daughters, Mrs. Edna O'Neill and Mrs. Irene McCarty, both of Portland; granddaughter, Mrs. Jack Kirkpatrick, Portland; great-grandson, Ronald Eugene Kirkpatrick, Portland. Services will be held Friday, July 21, at 2:30 p.m. at the Virgil T. Golden chapel with the Rev. George H. Swift officiating. Interment in Belcrest Memorial park.

**ALDRICH**  
Mrs. Leila Mabel Aldrich, at the residence at 1188 Center at July 19. Survived by her widower, Chasman E. Aldrich, Salem; a daughter, Mrs. Pheon Kent, Salem; two sisters, Mrs. A. J. Arshart, and Mrs. W. E. Arshart, both of Salem; a brother, Dr. A. D. McClain, McMinnville; and one grandchild, Wendy Elaine Kent, Branstetter Science services will be held Saturday July 22 at 1:30 p.m. at the Clough-Barrick chapel. Interment in Belcrest Memorial park.

**LEHANE**  
Timothy Lehane, late resident of Lakeview, in this city July 18. Services will be held Friday, July 21, at 10 a.m. at the W. T. Higdon chapel. Interment in St. Barbara's cemetery.

**THORNTON**  
Ladru L. Thornton, late resident of 1207 Marion, at a local hospital July 20 at the age of 69 years. Survived by the widow, Mrs. Rada L. Thornton, Salem; son, Leo Thornton, Oak Grove; Member of the First Evangelical United Brethren church of Salem. ## British Hop Growers See Local Yards

Members of the United Kingdom Hop Growing Productivity team pictured here have had a full schedule since they came to Salem Sunday night. The Statesman photographer, Don Dill, caught them while there were going over notes they had made afield. From left to right are C. J. Gray, J. F. Brown, Samuel R. Allsopp, J. Michael Brewin and Captain James Day.

## Visitors for British Isles Find Many Differences in Methods Used in Production of Hops

The more open network of hop growth is the most striking difference in the appearance of American hopfields, British hop grower J. F. Brown of London said Thursday after making a brief survey of hops in the Willamette valley.

Normally the hops are planted so much closer together in England's hop districts than they are here, he explained.

Brown is leader of the United Kingdom Hop Growing Productivity team whose five members are in Salem this week studying the hop situation here. Others in the team are Captain James Day, Samuel R. Allsopp, J. Michael Brewin and C. J. Gray.

The hop marketing board, of which Allsopp is chairman, unlike our hop control board, is made up entirely of growers. No buyers or dealers are permitted on the board, Brown stated it has been very successful in keeping the marketing of hops "orderly" and stabilizing the market. Also, he added, it has helped greatly in maintaining very satisfactory and amicable agreements with the brewers.

**Production Cheaper**  
Production of hops seemed to the Englishmen to be less costly per pound here than in England. More hand labor is employed there, they believe, but this is "just a preliminary statement," they said, "and we have not yet made anything but a very slight survey."

As a whole, acreage is much smaller in England, ranging from 5 to 15 acres in a unit, Brown stated. The fields are frequently not so level as here and there is greater variety in quality of soil, usually a heavier clay than used for hops here. No irrigation is used. Much heavier fertilization programs are used in English hop "gardens," both with commercial fertilizers and natural manures, Brown said.

**More Vines Per Hill**  
In contrast to our four to six vines per hill in England from 8 to 10 are planted. Hills grow from 3 1/2 to 4 feet apart in the rows. Coconut fiber string is used for the four strings leading up from each hill. These are fastened to a metal peg and hung on hooks from the wire work. Brown went on, adding in an aside, "here you call wirework 'trellis'."

Sweet chestnut trees are grown for hop posts. It takes from 20 to 25 years for these trees to make sufficient growth for the poles, which are sligher than those used in this country.

While some experimenting is going on with mechanical pickers, America had advanced much more rapidly in this line, Brown said. Hop pickers come out from London and other cities and camp in the "huts" on the farms. In the Britishers' opinion, hops picked by the machines here are just as clean as those handpicked in England. Hand-picked hops from this country, however, were not always

## Formula for End of Strike Agreed Upon

PORTLAND, July 20-(AP)—A formula for ending the 66-day-old CIO International Woodworkers strike against the Weyerhaeuser timber company was agreed upon here today.

The agreement provides for a 5-cent hourly wage increase, three paid holidays a year and a company-financed medical and welfare fund. The membership will vote on the proposal Sunday and the ballots will be counted Monday. About 9,000 workmen are affected.

The company declined to grant a union shop, but agreed to a dues check-off and a contract clause stating that the company prefers that its workmen join the union.

## New Commission Members Named By Control Board

Appointment of Col. A. H. Dudley, Phoenix, Jackson county, as a member of the state board of livestock auction yards, was announced by Governor Douglas

McKay here Thursday. He represents western Oregon auction yard owners.

Dudley is owner and operator of a market at Phoenix and is past president of the Oregon livestock auction market association. He was named for a five year term.

Reid Hubbard, Summerville, was named a member of the Union county public welfare commission and O. L. Adey, Enterprise, a member of the Willamette county public welfare commission. Both will serve four year terms.

## Time to Spray Codling Moth, Growers Told

This is the time for second cover spray for codling moth control, apple pear growers in the Willamette valley are being advised by B. G. Thompson, Oregon State college entomologist. The spray should be on by July 25, Thompson added.

Three pounds lead arsenate in 100 gallons of water is the recommended spray for the average orchard. In orchards where codling moth is not a serious problem, two pounds lead arsenate to 100 gallons of water may be used.

Three pounds calcium arsenate in 100 gallons of water is only

## Former Legion Chieftain Dies

PORTLAND, July 20-(AP)—John Albert Beckwith, 65, former Oregon commander of the American Legion, died here today. He was a retired naval reserve captain. The widow and three daughters survive.

## RAIL WORKER KILLED

LaGRANDE, July 20-(AP)—A railroad car ran over and killed Charles Bayles, 54, LaGrande, a Union Pacific employee, in the switching yards at Rieth, Ore., today.
