

Propaganda Board Named

WASHINGTON, Aug. 17 - (AP) - The government today created a psychological warfare high command to direct this nation's global propaganda fight with Soviet communists.

Secretary of State Acheson will supervise the intensified new program.

The board will devise propaganda and counter propaganda strategy and the various means—radio, leaflets and the like—to carry it out.

Establishment of the agency was announced by the state department. Formally named the "national psychological strategy board," the organization will operate under the general supervision of Acheson with Assistant Secretary Edward W. Barrett as chairman.

Fireworks Razes Bowling Alley

OAKRIDGE, Aug. 17 - (AP) - A lighted cigarette thrown into a box of fireworks caused destruction by fire of the Willamette City bowling alley yesterday.

Sherman Tiller, operator, said the fireworks were in a box behind a counter.

New Dogma to Widen Rift in Church Ranks

By John Federick

LONDON, Aug. 17 - (AP) - The normally distant but courteous relations between the church of England and the Vatican were strained tonight over the projected new Roman Catholic dogma that the Virgin Mary went to heaven in body as well as in spirit.

The Vatican city newspaper *L'Osservatore Romano* announced Monday Pope Pius XII had called a secret consistory for October 30 to make belief in Mary's bodily ascension a dogma of the church. This means the world's 423,000,000 Roman Catholics must accept that belief as an article of faith or expose themselves to heresy. The pronouncement is to be made November 1.

Two of England's foremost Anglican churchmen declared there wasn't a shred of evidence, either "in the scriptures or in the teachings of the early church," to support that doctrine.

Dr. Geoffrey Fisher, archbishop of Canterbury, and Dr. Cyril J. Garbett, archbishop of York, issued a formal statement saying: "We profoundly regret that the Roman Catholic church has chosen by this act to increase doctrinal differences in christendom and has thereby gravely injured the growth of understanding between Christians based on a common possession of the fundamental truths of the gospel."

"The church of England refuses to regard as requisite for a saving faith any doctrines or opinions which are not plainly contained in the scriptures."

The church of England, created after King Henry VIII severed ties with Rome in the 16th century, is Protestant Episcopal. Its membership, including Wales, Scotland and Ireland, is about 3,700,000. A segment of the membership would like to see closer relations between Canterbury and the Vatican.

The English church and Rome have been at loggerheads over questions of dogma on at least two other occasions in the past 100 years. These were the Catholic proclamations of the immaculate conception of Mary in 1854 and of the infallibility of the pope on question of faith and morals, enunciated in 1870.

Congress Bloc To Ram Tax Hike Through

WASHINGTON, Aug. 17 - (AP) - Republicans and democrats formed a solid bloc today to ram through the senate finance committee President Truman's "first installment" \$3,000,000,000 tax-boosting bill.

The measure is intended to help arm the non-communist world against red aggression.

After the unanimous committee vote, Chairman George (D-Ga.) predicted quick senate and house approval. The bill may go to the White House by September 1.

Longshoremen Ask Limitation On 'Screening'

COOS BAY, Ore., Aug. 17 - (AP) - West coast longshoremen leaders announced today they would cooperate with the government's waterfront security program — up to a point.

"We will fight against screening being used for purposes of discrimination or for the purpose of establishing a blacklist," they warned in an announcement after a caucus session here.

A man barred from working military ships should not be barred completely from the waterfront, they said, adding he should be allowed to work on commercial jobs.

Further, they demanded the right of appeal for any longshoreman rejected under military screening. They also asked the right of counsel, to present testimony, and the right to face the accuser in any loyalty hearing.

The union headed by Harry Bridges apparently did not get around to deciding its stand on Korea — a question expected to produce fireworks.

After meeting behind closed doors, the union leaders announced another session for tomorrow, when the Korea question may come up.

Southern Pacific Places Order for 5,000 Boxcars

PORTLAND, Aug. 17 - (AP) - In a move to alleviate the shortage of freight cars, Southern Pacific is ordering 5,000 new ones. President A. T. Mercier announced after a meeting of the line's directors here today.

The directors also authorized purchase of 46 diesel locomotives, and declared a \$1.25 quarterly dividend.

The first of the new cars will be delivered in the first half of 1951. Their purchase brings to 28,630 new cars bought by Southern Pacific since the end of World War II. Some 500 cars are being delivered daily on an earlier purchase, President Mercier said.

African Chief, Wife in Exile

JOHANNESBURG, Aug. 17 - (AP) - Chief Seretse Khama, his white wife, Ruth, and their baby daughter Jacqueline left their tribal followers in Bechuanaland by RAF plane today for exile in London.

Both Seretse and his wife wept, and assembled Bahangwato tribesmen bowed their heads in grief as the plane took off.

Before leaving, Seretse and his uncle, Tshekedi Khama, issued a joint statement indicating the possibility of a compromise which might permit the chieftain to return.

Seretse's right to rule was challenged by his uncle who objected to his marriage to a London stenographer.

Insect Naming, Clothes Contest End 4-H Fair

Clothing judging and insect identification contests closed the three-day Salem 4-H club fair Thursday at the Capitol Shopping center parking lot.

James Bishop, city 4-H extension agent, who directed the show, said it included 125 exhibits from 26 clubs and 225 members. Hundreds of visitors passed through the displays in the tent, he said.

Vonnie Anderson of Englewood club took first place in the clothing judging contest Thursday. Second place award went to Linda Fickling of the Englewood club. The contests consisted of judging clothing items for quality and other features.

First place winner of the insect identification contest is William Doring of Leslie junior high school,
