

Tito Approves U.S. Action in Korean War

By Alex H. Singleton
BELGRADE, Yugoslavia, Sept. 21—(AP)—Premier Marshal Tito has invited Moscow's wrath anew by approving United States military action in Korea and proposing Korea-wide elections when the communists there are chased back to the 38th parallel.

An American congressional delegation here attributed these sentiments to the Yugoslav leader today. Sen. Pepper (D-Fla.) said the question of Korea was raised in a three-hour chat with Tito last night at his private villa in the hills overlooking Belgrade.

Senate Delegation
Pepper and the other members of the delegation—Sen. Brewster (R-Me.), Rep. Cooley (D-NC) and Rep. Poage (D-Tex)—said Tito, maverick of world communism, expressed these views:

1. Yugoslavia reserves her independent stand on the Korean war but approves the U.S. action and that of the United Nations in taking a stand against an effort to disturb the world's peace.

2. Yugoslavia does not indulge in religious persecution, and "the entire religious situation" in Yugoslavia is now under review.

3. Told by the congressmen that the U.S. would like to see immediate return of some 11,000 Greek children brought here during the Greek civil war, Tito replied that several hundred have been returned and it is hoped the remainder would go back as soon as homes could be located.

"Forthright" Answers
Pepper said Tito gave "frank and forthright" answers on Korea. The main tenor of his view is that the United Nations forces should halt when they get to the 38th parallel dividing the republic of Korea from the communist people's Korean republic. The parallel was the invasion jumpoff point. Then, Tito said, there should be a country-wide plebiscite to determine what kind of government the people want.

The congressmen told Tito American public opinion was showing concern over charges that there was persecution in Yugoslavia. These charges have been prevalent ever since the imprisonment of Archbishop Alojzije Stepinac, Roman Catholic primate, on charges of wartime collaboration with the Germans.

Tito denied the charge of persecution and then informed the Americans that only yesterday he had conferred with a high Roman Catholic official "about church and state problems."

Salem Fireman Injures Ankle in Run for Truck

A Salem fireman was injured Thursday as he sprinted across Chemeketa street to hop a fire truck.

Alden Addie, 2231 Shelton st., the fireman, tore the tendons in his right ankle when he fell. He was released on crutches after treatment at Salem General hospital.

The fire truck was parked across the street from the fire station while cleaning operations were in progress at the city hall. The fire was a minor one at the Walter White residence, 775 Thompson ave., that was caused by a short circuit in an electric range. Firemen said damage was confined to wiring in the range.

Russians Demand Right to Parade in Western Berlin

BERLIN, Sept. 21—(AP)—The Russians topped a series of new spark-producing incidents in this divided city today with a demand that the allies open up western Berlin to communist demonstrations.

The Soviets timed their move to back up the East German elec-

tion campaign. The October 15 voting is restricted to the Soviet zone but the communists are using it in a new and mounting drive to frighten the West Berliners.

The demand was sent by Sergei Dengin, chief of the Soviet element in Berlin, to the American, British and French commanders. The western commanders issued an order last week forbidding any rallies, actions or publications likely to "incite to riot" in West Berlin.

AIR CRASH IN YUGOSLAVIA

ZAGREB, Yugoslavia, Sept. 21—(AP)—An American-built Yugoslav plane crashed near here today and at least 10 persons lost their lives. Yugoslav authorities said there were no foreigners aboard.

AFL Re-Elects William Green As President

HOUSTON, Tex., Sept. 21—(AP)—William Green was named to a 27th term as head of the American Federation of Labor today, and in accepting said he has hoped the division within American organized labor soon will be over.

The 77-year-old Green also told the AFL's 69th annual convention: "They've got the money but we've got the votes and we'll defeat Ohio's Senator (Robert) Taft."

The aging, balding Green, a former Ohio coal miner, said he will endeavor to compose AFL's differences with the CIO and bring about labor unity.

"If there is any sacrifice I might make in order to make labor unity possible I'll make that sacrifice," he said.

HOUSEWORK

NEW YORK—(INS)—Men, not women, are the best housekeepers, according to Mrs. Mary K. Heiner, an expert in household management. She said their secret was in getting "rid of work by preventing it." Most home efficiency aids, she pointed out, have been developed by men. An electric janitor, designed by the Minneapolis-Honeywell Regulator Company, also saves the housewife some 5,000 cellarward steps each week by automatically making furnace damper adjustments.

EQUIPMENT CHECK

LONDON—(INS)—The British War Office has ordered an urgent checkup of all army reserve equipment scattered in "graveyards" and ordnance depots throughout the country. Equipment includes tanks, artillery, engineer equipment, motor transport, light weapons and other supplies.

NAIL WEAPON

LOS ANGELES—(INS)—What has long been suspected is now a legal fact. Mary Grider of Los Angeles was arrested on a charge of assault with a deadly weapon—her fingernails. The complaint was filed by the man whose face she scratched.
