

USAF Fails to Find Flying Discs on Film

DAYTON, O., Oct. 10—(AP)—Airforce officers reports that they couldn't make out any flying saucers in a film taken by a Great Falls, Mont., baseball manager. "Too dark to distinguish any recognizable objects," they reported after viewing the colored film at Wright-Patterson airforce base here. Officers said the film will be returned to Nick Mariana, the Great Falls team manager, if he wants it. Mariana took pictures last August 15 of two objects he said buzzed over the Great Falls ball park. Later, he said, an airforce intelligence officer confiscated the film and told him not to give out any more details about it.

\$580 Million Spending Cut On Schedule

WASHINGTON, Oct. 10—(AP)—A \$580,271,355 cut in the government's non-defense spending has been ordered in keeping with economy instructions of congress. The reduction was applied by the budget bureau, with President Truman's approval, against appropriations intended to run the government for fiscal 1951 ending next June 30. Although spread among 31 departments and agencies, the cut is not expected to materially curtail going federal projects, or—in the case of the farm support program—to mean any reduction in farm payments during the 1950 crop year. It does, however, mean that the number of new projects—notably hospitals—may be sharply limited. Congress left the job of apportioning the cut to the budget bureau. However, the agencies are permitted to apply their apportioned share to such specific projects as they may deem appropriate.

Drying Prices Set for Nuts In Amity Area

AMITY—The Amity-Gaston Nut Growers association, meeting here this week, decided to charge \$20 a ton for drying walnuts and \$16 for filberts. Ivan Shields, plant director, predicted a short harvest season for both walnuts and filberts. The Amity Commercial club announced this week it will request the city council to enact a law limiting parking to two hours on Trade street. Merchants have complained about some residents parking their cars all day on the street. Mrs. A. W. Newby, president of the Yamhill County Federation of Women's clubs, was honor guest at a Dundee Woman's club luncheon Thursday. Rebecca Wood was elected editor of the Amity high school annual, The Amityonian. Other officers are Patricia Christensen, assistant editor; Jack Williams, business manager; and Dale Buck, assistant editor. The first copy of Amity high school's paper, The Amity Inklings, came off the press this week. Donna Sutherland is editor; Donna Cresswell, assistant editor; Myrna Sutherland, business manager; reporters, Darlene Sears and Janice Robertson, and Irene Shandy, artist.

Auto Attacks Culver Farmer

CULVER, Ore., Oct. 10—(AP)—Rancher Ward Quinn, who knows better than to turn his back on any mean critter, nevertheless is suffering assorted bruises and sprains. He made the mistake of turning his back on his automobile. As he stooped over to life a bale of hay out of the driveway, the car sneaked down the incline and butted him.

Most People Seek Bargain Funerals

LUBBOCK, Texas—(AP)—Most people are indifferent to the business of dying and would prefer a low-cost funeral. A survey made by W. J. Neal, student at the Texas Technological college, indicates that 67 per cent of all persons interviewed were either against elaborate funerals, or didn't care one way or the other. Only 33 per cent said they thought they deserved an expensive burial rite. Divorces and single men were the most indifferent—75 per cent of the divorces preferring inexpensive funerals, including wooden caskets, and 91 per cent of the single men said they'd like to be buried in an old suit. COUNCIL TO MEET LIBERTY—The Ladies Council of the Liberty Christian Church of Christ will meet Thursday, October 12, at the church at 10 o'clock. There will be a covered-dish dinner at noon. It is work day and anyone wishing to help is invited to come.

The Smithsonian Institution says there is some evidence that plants which make up the great coal deposits grew along the shores of ancient oceans.
