## The Wise and Foolish Virgins

(Fifth of a series of the parables of Jesus, taken from Matthew 25:1-13.)

"Then the kingdom of heaven shall be compared to ten maidens who took their lamps and went to meet the bridegroom.

"Five of them were foolish and five were wise. For when the foolish took their lamps, they took no oil with them; but the wise took flasks of oil with their lamps.

"As the bridegroom was delayed, they all slumbered. But at midnight there was a cry, 'Behold the bridegroom! Come out to meet him.' Then all those maidens rose and trimmed their lamps. The foolish said to the wise, 'Give us some of your oil, for our lamps are going out.' But the wise replied, 'Perhaps there will not be enough for us and you; go rather and buy for yourselves.'

"While they went to buy, the bridegroom came, and those who were ready went in with him to the marriage feast, and the door was shut. Afterward the other maidens came also, saying, 'Lord, lord, open to us.' But he replied, 'Truly, I say to you, I do not know you.'

"Watch therefore, for you know neither the day nor the hour."

### Synthetic Rubber Worries Planters

SINGAPORE (AP)—Synthetic rubber will eventually force down the price of natural rubber to around 25 cents a pound, declared Dr. W. E. Cake, chairman of the United States rubber plantations in the east.

Dr. Cake said the rubber position in the U. S. was very "tight." Civilian consumption of natural and synthetic rubber, which was around 110,000 tons per month, had been cut to 90,000 tons, he said.

However, he added, synthetic production, which is now 450,000 tons per month, will rise to 700,000 by the end of next March.

With the price at 18 1/2 cents a pound, manufacturers will disregard quality to buy increasing quantities of it, he predicted.
