

Russia Shows Disapproval of U. S. Korea Action, on National Holiday

Large Crowds Told American 'Imperialists' Plan New War

MOSCOW, Nov. 7 (AP)—Soviet disapproval of United States intervention in Korea was emphasized sharply today in the celebration of the 33rd anniversary of the Russian revolution. The Soviet armed forces were ordered to increase their vigilance and combat readiness. Tanks, guns and troops of the Moscow garrison paraded across Red square in foggy, drizzling weather which grounded the Soviet warplanes that usually do formation flying on such occasions.

Marshal Semon Budyenny, a World War II hero and member of the presidium of the supreme Soviet (parliament), declared in an address from the reviewing stand atop Lenin's tomb that western "imperialists" are preparing for a new war.

"The Anglo-American imperialists have now passed from preparations for aggression to direct acts of aggression, evidence of which is the bandit intervention of the United States in Korea," he said.

"The Soviet people, together with other freedom-loving peoples of the world, brand the American aggressors with shame and express their sympathy with the Korean people who are conducting a heroic struggle for the freedom and independence of their motherland."

Similar expressions came in orders of the day to the army and navy. These were issued by Marshal A. M. Vassilevsky, army minister, and Adm. I. S. Yumashev, naval minister.

"The American and British imperialists are pursuing the policy of instigating a new world war," Yumashev said. "From the threat of war they have gone over to open aggression in Korea."

"Under these conditions, it is the sacred duty of naval forces constantly to increase the vigilance and combat readiness of ships and naval units."

While the Russian press has charged before that the United States government intends to unleash a new war on the world, it has never been said quite so authoritatively or quite so repeatedly.

Western diplomatic observers in Moscow, therefore, are studying the phrases carefully. They indicate that they consider the words significant and serious.

China Assured U. N. Forces to Respect Border

By Francis W. Carpenter
LAKE SUCCESS, Nov. 7 (AP)—The U. N. Korean committee unanimously approved a resolution tonight assuring the Chinese communists, in effect, that their border with Korea will be respected by the U. N. forces under General Douglas MacArthur.

The committee acted after receiving an official report from General MacArthur yesterday that Chinese communists were fighting the U. N. forces in North Korea. The committee directed its members now on the scene in Korea to start work immediately and lend all possible assistance on questions relating to North Korea.

Sen. Malone, in an interview here, also declared that the administration will "recall General MacArthur as soon as the propaganda can be laid down." He accused President Truman of flying to meet MacArthur at Wake Island "so MacArthur wouldn't come home and blow what he knows about Korea and Formosa before the election."

The Nevada senator claimed that this propaganda will be based on "charges of non-cooperation with Defense Secretary George Marshall, and that MacArthur is too old." Sen. Malone also asserted Gen. Marshall is following the Acheson-Owen Lattimore-Alger Hiss line of "appeasing communism."

The senator said he believed that Secretary of State Acheson has made an agreement with Great Britain that the U. S. will not veto membership for communist China the next time it comes up in the United Nations security council.

WASHINGTON, Nov. 7 (AP)—Secretary of State Acheson chose to vote today instead of attending a Soviet party.

Acheson decided to skip a Russian embassy affair, celebrating the 33rd anniversary of the red revolution in Russia, so that he could drive out to his home town of Sandy Spring, Maryland, to cast his ballot in the nationwide elections.

Greeks Have a Word for Stalin

LONDON, Nov. 7 (AP)—Even Stalin's most enthusiastic admirers in Moscow admit the ancient Greeks had a word for him which the Russians apparently lack.

This was the beginning of a message to the Soviet prime minister from the Moscow Soviet on the eve of the 33rd anniversary of the Russian revolution as broadcast by the Moscow radio:

"Dear Joseph Vissarionovich (Stalin's first and middle names) you, great coryphaeus of science. Dictionaries define coryphaeus as the 'leader of the chorus or a school of thought,' from Greek usage."

Soviet Back in Tokyo Council

TOKYO, Wednesday, Nov. 8 (AP)—The Russian delegation returned to an allied council meeting today for the first time since late in May.

Major General A. P. Kislenko, deputy chief of the Soviet delegation, returned to Japan several months ago.

Kislenko appeared personally at today's session. The Russians first boycotted the council meetings in December, last year. After that they attended some sessions and stayed away from others.

The repatriation of Japanese prisoners held by the Russians was the principal reason for the Soviet boycott.

Elliott Lands Police Post

MADERA, Calif., Nov. 7 (AP)—Marion "Mike" Elliott, former sheriff of Multnomah county, Oregon, was hired here last night as a consultant to the city police department.

Officials said Elliott was hired to reorganize the department. He is to begin work November 15.

Elliott was elected Multnomah county sheriff in 1948. He was recalled Oct. 21, 1949, after making several unpopular staff changes, and being accused of false campaign promises.

Crommelin Loses Senate Race to Hill

BIRMINGHAM, Ala., Nov. 7 (AP)—Lister Hill, Alabama senior senator, was re-elected today in a race against retired Admiral John G. Crommelin, running as an independent democrat.

Hill, who made no campaign this time, was attacked by Crommelin as a "tool of the Truman administration."

On returns from 180 of Alabama's 2,553 boxes, Hill had 10,253 votes to 5,144 for Crommelin. He led in every one of the 21 counties reported, many by as much as 5 to 1. The vote included virtually complete returns from Mobile, where Crommelin's strength was centered.

Crommelin while in the navy made many bitter speeches against unification of the armed services.

Fire Departments To Receive Plans For Mutual Aid

Twenty Marion county fire departments will receive completed plans for a county-wide mutual aid fire protection system at a meeting here Wednesday night.

The plans provided a schedule by which fire departments will shuttle equipment about in event of a serious fire any place in the county. The plans were prepared by Fire Chief W. P. Roble, Salem.

Roble said a four-alarm fire at Woodburn, for example, would bring pumpers from Hubbard, Gervais and Mt. Angel to the fire scene. At the same time a pumper from Salem would travel to Gervais to protect that area, and a pumper from Silverton would cover Mt. Angel.
