### More for Your Money

### Novelty Items for Christmas Buying, Decorated Tree Stand and Ornaments

A number of novelty items for the Christmas holidays are now coming into your local stores. One of the newest is a Christmas tree stand that is a neatly decorated tree holder with a red and white dancing Santas against a green background. The decoration is a saving in that it does not require the usual covering you put on a Christmas tree stand.

The stand is readily accessible for watering which prevents the tree from drying out and helps prevent a fire hazard. Tests have shown that the watered Christmas trees will stay moist and retain needles as long as three weeks.
