Stock Market Ignores Dose Of Bad News

NEW YORK, Dec. 13—(AP)—The stock market swallowed another dose of bad news today with scarcely a grimace.

Few issues changed by more than \$1 a share. Losses outnumbered gains by a slim margin.

Airline shares attracted a lot of attention at higher prices but advances were meager. Auto stocks were under steady pressure and radio-televisions gently sagged.

Rails, recent favorites, came back after slipping yesterday under profit taking sales.

Despite the market's tame performance, a substantial amount of business was done. Sales crossed the 2,000,000-share mark for the fourth time in a row although turnover of 2,030,000 shares was a trifle below Tuesday's 2,140,000.

Grain Prices

Climb a Bit, Then Slide

CHICAGO, Dec. 13—(AP)—A big menu of news items, some favorable and some unfavorable, was digested by grains today without any large change in prices.

In a market which climbed a bit and then slid a bit throughout the day, two trends were discernible: a relatively firmer tone in wheat and weaker tone in corn.

Wheat closed 3/4 to 1 cent higher, corn 1/2 to 1 cent lower, oats 1/4 to 1/2 cent higher, soybeans 1/4 lower to 1/2 higher and lard 8 to 17 cents a hundred pounds higher.

The market received a couple of jolts without being knocked off its base. One was the news that Marshal plan aid to Great Britain would end January 1. Wheat lost early gains on this news, but rallied again when it became clear Great Britain still has unused allotments.

Another jolt was news from Washington that the Yugoslav aid program might go down to defeat in the house, or at least suffer radical revision. The trade was accepted this program in its statistical calculations. Nothing developed on this legislation while this market was open.
