

## Postal Station In Hollywood To Open Jan. 2

Opening of business for Hollywood station of Salem postoffice will be January 2, unless unforeseen developments prevent it. Postmaster Albert C. Gragg announced Wednesday.

The station on Tile road, second of its type in Salem, will be staffed by civil service employees and will be headquarters for several carriers. Opening originally was planned for December 1, but was delayed by building difficulties.

Cancellation of outgoing mail at Salem postoffice is a couple of good healthy days ahead of last year for the Christmas season, although the peak of mailing apparently was passed Monday. The postmaster reported Wednesday that since December 1 the office had canceled 1,474,000 pieces of mail, compared to 1,335,700 in the same period of 1949. The average day around the year would see about 40,000 pieces. The total, boosted by 207,600 cancellations Tuesday, does not include mail through postage meters in several firms.

Gragg reminded that any cards or letters not already in the postoffice should be sent air mail and special delivery to have a chance at pre-Christmas delivery.

## Growers Ask For Uniform Seed Laws

PORTLAND, Dec. 20-(AP)-The Oregon Seed Growers league today called for appointment of a committee to work with other states for more uniform seed laws.

The action was taken at closing sessions of a three-day meeting here upon recommendation of the legislative and federal programs committee, headed by E. A. Geary, Klamath Falls.

The league also recommended against price supports for alta fescue seed next year and called for an improved market report on small seeds. It asked, too, for ap-

pointment of a research specialist in seeds at the eastern Oregon experiment station at Union.

A good market for high purity alta fescue seed was reported in a panel discussion on 1951 prospects. Panel members recommended an increased acreage for seed and pointed to an opportunity for expansion of the crimson clover crop in the Willamette valley.

They said a balance appeared to have been reached between supply and demand for ladino clover. A surplus of Austrian peas was reported.

J. F. Short, Redmond, was elected president to succeed Carrey Strome, Junction City. Leonard Jernstedt, Carlton, was chosen vice president, and E. R. Jackman, Oregon State college, was re-elected secretary-treasurer.
