Williams' Arm Still Troubling

Everybody Worried Except Terrible Ted

By Joe Reichler SARASOTA, Fla., March 4-(A*)-Despite reports to the contrary, Ted Williams' celebrated left elbow is still giving baseball's premier power hitter plenty of trou-

Williams says the elbow, frac-tured in the all-star game in Chicago last July, still hurts; the arm is not straight, the muscles are loose and the joint at least a half-inch smaller than it should

But Ted isn't worried - much. He believes the arm will regain its former power "in due time." He is greatly encouraged by the progress he has made in the last three weeks and says the arm is

getting stronger every day.

"I'd say my left arm has only about 60 per cent of its normal strength," was the ever-honest Boston Red Sox slugger's remark. But judging by the steady im-provement in the past three weeks, I am confident it will be as strong as ever in due time.

"Right now it is 40 per cent stronger than it was when I rejoined the club last September. But it still hurts when I try to flex my muscle or touch the left shoulder with my fingertips." Williams said he found it tor-

tuous to swing a bat during the two-game series against New York at Yankee stadium the final week of the 1950 campaign. Yet he managed to wallop two mighty home runs deep into the right field stands in one of the games. "Before each game," he ex-

plained, "I took whirlpool baths, and had all kinds of hot stuff and massages applied to the arm. Between innings I'd sneak behind the stands and swing a couple of extra heavy bats in order to keep the elbow loose. It would tighten up on me every few minutes." Williams still takes those whirl-

stantly exercising the muscles to speed their development. "I know I'll be all right," the slender slugger reiterated, "pro-

Williams said he has felt no pain while taking his cuts in batting practice but hasn't really swung from the heels yet. However, some of his belts were re-mindful of the old style Theodore thumps.

To prove it, he brought one to the final examination and served it. "This will not become a regular feature of the test, however," he

Matthews Eyes Maxim's Crown

By Murray Rose NEW YORK, March 4-(AP)-Harry Matthews, the body bomber who made good with a bang in his first start here Friday night, may try for a crack at Heavyweight Champion Ezzard Charles if he

can't get a shot at light heavy weight king Joey Maxim's crown. "Maxim is the guy we want," said Manager Jack Hurley as he rejected a proposition to meet Bob Murphy again.

"We're willing to give Maxim scandal was that rendered by \$60,000 to fight Harry in Boise Chester Maxey, president of next June. The whole state of Idaho would turn out for that fight headed by Gov. Len Jordan. Mathews was raised in Idaho and everyone knows him there. I don't know where Maxim can get that kind of money anywhere else. But if we can't get him, we may try for Charles. I think Matthews is ready.

The Seattle socker, flashing a well rounded attack, battered out a decisive ten round decision over Murphy, third ranked light heavy from San Diego. Matthews is rated No. 2 contender.

There hasn't been a Garden debut like that in years nor has any boxer displayed that kind of body punching here in years. Hurley was busy accepting congratulations on all sides today. Matthews, meanwhile, nursed two bruised, swollen hands which will keep im idle about a month.

"Harry is going back to Seattle and rest up his hands," said Hur-ley. "When he's ready we'll take him around the Seattle, Spokane, make some money there and get in tiptop shape for a championship fight with someone."
