## Weather Fails To Stop Red Cross Drive

Despite the bad weather and many cases of colds and "flu" workers are going about their business to raise Marion county's quota of \$46,985 in the current American Red Cross fund campaign.

An unofficial check with division chairman Thursday afternoon revealed a good 20 per cent of the goal already subscribed. No official turn-in of funds will be made at headquarters until after the report luncheon next Monday.

Some sections of the county have not been able to start out in the drive because of the stormy weather.

Preliminary surveys show also that Marion county chapter workers are showing up better in their returns than other chapters around the state.

Fund leaders gave verbal "bou-

quets" to the women's division, Thursday, workers in this group following through faithfully with their calls despite the handicap of the weather. The women make the calls in the residential section. All the division chairmen as well as all workers are asked to attend the first "progress" luncheon for the fund campaign next Monday noon at the Marion hotel.
