Senators Beat Wenatchee 3-2 In 2nd Contest

WENATCHEE, May 24 - (Special)-Salem's Senators swept a Western International league doubleheader with the Wenatchee Chiefs tonight, grabbing the sec-ond game by a 3-2 count after notching the opener, 6-5. The outa come left the teams even in the four - game series with two wins

apiece. The second game saw the Solons emerge with the win though outhit by a big 12-4 margin. Joe Mishasek went all the way for Salem, giving runs in the fourth and eighth but effectively scattering most of the blows off him.

Tommy Breisinger went the hill route for the Chiefs and wasn't helped by four errors.

The clinching Senator tally came in the fourth when Catcher at 3 p.m. carrying the second Jim McKeegan walked, moved up group from the Korean front to on an error by Bresinger himself arrive at Seattle under the army's plus a passed ball and then scored new rotation program. on an error by Shortstop Larry Neal on Dick Faber's ball. Federal Fund Holdup Slows Highway Work

(Story a.so on page 1) PORTLAND, May -24-(AP)-The state highway commission set out today on its \$40,000,000 road construction program, but found some delays ahead. Chairman Ben Chandler said the

federal bureau of public roads was not releasing its full share of matching funds at this time, because federal figures are not refinal ported. The census figures are used

on a fund-distributing formula. Chandler also said the federal bureau was delaying work on three bridge projects for which steel al-

location must be obtained. Some \$1,500,000 in state highway proects are being delayed, Chandler said. The commission authorized use

of \$591,811 of the bond money for 28 miles of grading, widening and paving on the central Oregon highway, 63 miles southeast of Bend. The project was awarded to Babler Brothers Construction company,

Portland. Among other projects considered, bids on two in Linn county were rejected as too high. These were: Replacing bridge rail over Santiam river on North Santiam highway, Snook Bros., Corvallis, \$9,000; enlarging Santiam Junction

Trainer of 'Believe It or Not' Horse Hopes to Top His Tricks With Just-Purchased Palomino

A trainer who taught a horse to lasso its own calves has bought, and put into training a registered Salem Palomino.

The trainer, longtime Palomino handler and showman, is Pat Henry of Oklahoma, Pennsylvania and western riding circuits. His new horse is Silver's Golden Son, purchased from the Arthur storage shed and maintenance building, Robert C. Wilson Co., Corvallis, \$25,300. Franke ranch, Salem route 2, for \$1,500.

Describing the 3-year-old tallion as "the smartest horse I ever started training," Henry expressed confidence in Salem Thursday that with Silver's Golden Son he'll be able to duplicate the feats that made him famous with Gold Tony, a Colorado Palomino he trained and exhibited for four years.

Gold Tony could toss a lasso from his mouth and could drink from a bottle by himself-both these tricks made "Believe It or Not" appearances. The horse and trainer were widely publicized in magazine articles, appearances at theatres, rodeo grounds and outdoor shows throughout the west.

dise feathers topped by pancake hat with diamond link necklacs entwined around crown. Henry will exhibit his new Palomino for the first time this Sunday at 4 p.m. during an Evans Valley

community club picnic at the Evans **Youths Fined** Valley school. He is training the horse at the Evans Valley horse farm of Oscar Evans Valley horse farm of Oscar Loe, Palomino and Arabian breed-

Bids for Defense Contracts Get Copenings Announced **Congressional Group Attention**

Oregon's search for more defense contract work from the federal government is receiving attention from the congressional small business committee.

That was the word Thursday to Gov. Douglas McKay from US Rep. Wright Patman (D-Tex.), chairman of the committee. The congressman's letter said committee recommendations are being made now for a more equitable and work-

able application of defense pro-

curement and controls." The Patman letter was in re-sponse to Gov. McKay's recent let-ter to several federal officials, say-ing "there is a distinct feeling among certain of our Oregon manufacturers that this area is being discriminated against it in the placement of defense contracts." "Another matter which worries

us considerably in Oregon," the governor wrote, "is the placing in Seattle of headquarters of government regulating agencies connected with the defense program. Could it be possible that since Oregon is primarily a republican state, the this year at Grand Ronde agency location of these offices in Seattle school.

is being determined on a political rather than a business basis?" "We feel," the governor added that Oregon is a sufficiently large attended Linfield college. state to warrant an independent set-up on a par with Seattle. Local ousinessmen do not like to go to Seattle to get the answer to a problem when on other matters they normally look to Portland for guidance and assistance."

Police Identify Albany Auto Crash Driver

ALBANY, May 24-State police today identified an injured motorist they said was refused hospital treatment because he would not disclose his name following an accident last night.

He was listed as Dareld Hetland, about 19, Sweet Home, by Patrol-man James Stam. Hetland was slightly hurt when his car rolled into a ditch five miles east of Albany on highway 20.

Stam said he did not know why the youth did not give his name at Lebanon hospital where he was taken.

The patrolman said Hetland lost control when the hood of his car flew up and blinded him.

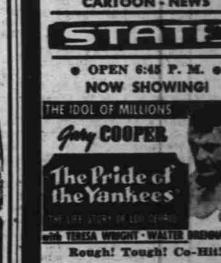

WAR DEAD RETURNED atesman News Service

ALBANY, May 24-Among Korean war dead being returned home this week aboard the U.S.S. Bartlesville Victory is Pvt. Elmer W. Keesee, jr., listed by the de-partment of defense as last son of Elmer W. Keesee, Albany box 61. The ship was due in San Francisco.
