But TV Said Mainly Easterners' Problem

By Bob Myers SPOKANE, Wash., June 12-(AP) Pacific Coast conference officials went to the mat on the television problem today and reached no decision after wrestling with it for

Prof. H. P. Everest of the Uni-versity of Washington, acting as

SPOKANE, Wash., June 12-(P)-The Pacific Coast conference, as expected, tonight lifted its ban on football television this fall and formally agreed to participate in the NCAA experimental program.

spokesman for the powerful faculty representatives, said the conference desires to cooperate in every way with the NCAA experimental TV program for football this fall.

The big problem as far as this far-western group is concerned, he said, was how to coordinate its conference TV program with the over-

all national program.

Prof. HughC. Willett, president of the NCAA and conference faculty representative here for the University of Southern California, took a moment out from his crosscountry controversy with Penn-sylvania to add this thought:

problem which we believe we have worked out for the best interests of all. There is only the matter of meshing this program with the proolems of the west and

The Coast conference worked long to iron out the TV matter because it must proceed with signing contracts with the TV interests. It must also re-examine and revise the stand the conference took last January when it banned TV entirely for 1951 after televising all conference games in 1950.

"The general feeling in the Coast conference is to work with the

coast. Intrusion of televised games imported from, for instance, the Schmidt or Don Burke, rightfield; midwest or east when transconti- Wayne Osborn or Bob Miller, nental facilities are operating, the catcher. length of TV contracts-all figure | Stayton will seek its second win in the general TV problem in the

Prof. Willett, meanwhile, diselosed he had closed the door on cide the fate of the experimental last Sunday. program. Willett reiterated that the NCAA had already discussed ment in a conference April 19.

The Rose Bowl committee continued to meet with the Pasadena Tournament of Roses delegation headed by Lathrop K. Leishman for renewal of the PCC-Rose Bowl contract. TV was the big issue here, too. The Rose Bowl kitty was enriched \$110,000 last New Year's day. The figure will go up substantially this year-and soar to a tremendous sum is transcontinental telecasting is available. The conference discussed the

matter of making its alumnirecruiting program more elastic. The aim is not to relax or necessarily tighten regulations in effect now, but more to make each case stand as an individual one rather than be subject to the present over-all regulation.

National Open Course Makes Golfers Groan

DETROIT, June 12-(A)-The walls of anguished golfers trying to outsmart the tough Oakland Hills course could be heard in three countries today, but the U. S. Golf association wasn't list

These blue-jacketed fathers of the American sport took a tour of the 6,927-yard Frankenstein of yawning traps, where the 51st U. S. Open championship begins Thursday, and prenounced the layout "a real test but eminently fair."

"It is exacting but not unfair," said John D. Ames of Lake Forrest, III.; championship committee chairman. "You can't expect to have your cake and eat it, too."

Meanwhile, leathery old professionals who have played the best and the worst in following the sun continued to how! that the par 35-35-70 course is "impossible" and "a grotesque nightmare." "I've played five rounds and I can honestly say I don't know yet how to tackle it," commented Ben Hogan, the defending champion who is seeking his third Open championship.

LEE SAVOLD He's Champ-In Britain What a confusing rigamarole is this fight business, as you will

readily see when you take a peak at the crasy-quilt pattern now on the agenda. Firstly, a couple of old guys, Joe Louis and Lee Savold, scrap tonight with Louis saying he's gonna claim the British version of the World heavyweight crown if he beats Savold. Briton recognizes Savold as the champ following his victory over Bruce Woodcock, which, of course, the NBA, American official boxing body, doesn't go along with at all.

Then we have Exzard Charles, the NBA-labelled heavy king, facing senile Jersey Joe Walcott in July. That'll be boomed as the bout for the world title—only trouble being that all the world just isn't going to have the same opinion.

Then in the lightweight ranks Jimmy Carter upset Ike Williams for the Illinois version of

the crown, something the stuffy
NBA guys don't go along with.
The NBA is in a quandary as
concerns the lightweight category. They just don't know to whom to give the nod.

'Sugar' Leaves No Doubt

The middleweight department is the one division with some semblance of universal agreement hanging on it—and only because Sugar Ray Robinson stands a solid mile above any-one else in ability. . . .

Yeah, the boys in the boxing

Yeah, the boys in the boxing business have about as hard a time seeing eye to eye as the U. N. and the Soviets. . . . But the fog would rapidly lift in the heavy ranks if one—just one—lad with the attributes of a Dempsey or the Louis of 12 years ago should suddenly appear on the scene. Ten thousand hawk-eyed fight managers have scoured the alleys and the boule-vards, the Ozarks and the tank vards, the Ozarks and the tank towns for just such a guy-but to date they have drawn nothing but blanks. . . .

Byrne Extended Self

Major league hurling? Going in as a reliefer in Tuesday's game against the St. Louis Browns, the Yankees' erratic southpaw, Tommy Byrne, did

tion uncorked two wild pitches. Byrne forced in a pair of tallies during his travesty on pitching prowess. . . . The Bombers must keep Tommy as a means of waging psychological warfare on the opposition. After all, a guy like that would keep any-body loose as a goose in the bat-

Where Are the 'Smiths'? The name "Smith" predomin-

ates by a country mile in most telephone directories so just for the sake of curiosity we checked major league box scores on a recent day. Out of eight boxesmeaning approximately 175 performers—we found NOT A SIN-GLE "Smith" listed. . . . Guess the "Smiths" go in for other pursuits. . . . 'Course, as has always been said, if you got a handle like DiMaggio or Rizzuto or Podusnky or Kluszewski you have a headiong start toward a nice sports career. . . However, the names with the few and same syllables haven't entirely left the syllables haven't entirely left the major scene. There are a sprinkling of "Jones" around the big

WU Clinic Due

The Willamette Relays aren't the only new item on the Willamette athletic calendar this year. Another inaugural deal is the four-weeks coaching clinic which comes up soon under the guidance of Chet Stackhouse and John Lewis. Several top prep coaches from throughout the state will be brought in as guest lecturers. . . This clinic will be unique in that it will deal with all four major sports—football, basketball, baseball and track. RIP KIRBY

White to Stayton

Bob White, who wound up his WU sports career this season after making a name for himself on the gridiron and the dia mond, goes to Stayton next fall as assistant in football and basketball to Joe Boyle and head man in baseball. Bob fills the vacancy left by Herb Booth who transfers to Parkrose.

Women rasslers have been barred from appearances in Hon-olulu's stadium. Who said the gals have become emancipated?

Salem Open?

The Pendleton Open has be-come a fixture in Northeast links circles with its lucrative \$2000 in booty, which makes us repeat once again how nice t'would be once again how nice t'would be if our town could launch an annual deal along similar lines. The average Sunday divoter likes to see golf played as it should be played and such an affair, luring as it would the top pros of the northwest, could provide that opportunity plus spreading the name "Salem" throughout the ranks of NW linksdom. . . . Showing that it could work here, the Northeast Pro-Amateur meet of two years ago enjoyed high interest and sizeable gallerys at \$1.50 per zeable gallerys at \$1.50 per ead. . . . If Pendleton can do it why can't we? . . .
