PORTLAND, Ore., Aug. 6-(AP)—Federal Judge James A. Fee looked today at the grassy bottomland where the city of Vanport used to be, as he opened flood damage cases totaling \$6,418,763.

Backwater from the flooding Columbia river breached a dike at Vanport on May 30, 1948, and destroyed the city of some 18,500 persons. Since that time 712 damage suits, representing 2995 persons, have been filed against the federal government.

Vanport, war-built city for Kaiser shipyard workers, was administered by the Portland housing authority. The plaintiffs said the authority was a federal agent and that makes the federal government liable for negligence. The government answers that it was neither liable nor negligent.

Twenty of the 712 cases were chosen as representative samples and Judge Fee, without a jury, will decide the question of liability. He and attorneys visited the site as the first act after completing pre-trial agreement that the decision in the 20 cases will bind all others.

Among the plaintiffs are relatives of 13 who died in the flood. There was one additional death, that of Sadako Mizuno, 75, a Japanese, who had no known relatives.

Arc Welder Firm to Open Salem Office

The Forney factory is at Fort Collins, Colo., and an assembly plant at Des Moines, Ia. "It could well be that we will need an assembly plant in the northwest and if we do it will probably be Salem," Aziein said. He estimated the firm would have 100 salesmen and crew managers working from the Salem headquarters.

Police found entry had been made by forcing wire gates apart at the bottom, then breaking glass to unlock the door.

Senator Asks Break with Red Nations

WASHINGTON, Aug. 6-(AP)—Senator McCarran (D-Nev.) today urged a break in diplomatic relations with all communist countries. He also asked expulsion of Russia and its satellites from the United Nations, and all-out propaganda warfare aimed at overthrowing the soviet government from within.

In a blistering senate speech the Nevada senator charged the present United States propaganda campaign against communists "was foredoomed because it was geared to appeasement of the enemy."

He said masses of suppressed peoples in communist nations are American allies, "our secret weapon."

Rails Lead as Stock Market Sprints Ahead

NEW YORK, Aug. 6-(AP)—In a hard-driving final hour finish, the stock market today sprinted ahead with railroads taking the lead.

Major sections of the market participated in the advance including steels, ironworks, oils, utilities, chemicals and rubber issues.

Gains extended to nearly \$3 a share among active leaders with some going beyond that point. Most of the advance levelled off at a little more than a dollar a share. Losses were scattered and relatively small.

The volume of business amounted to 1,670,000 shares, as compared with 1,570,000 shares Friday, and the final hour came to a sizeable 620,000 shares.

The big push put the market only a small hop away from a new 1951 high. The Associated Press average of 60 stocks gained 90 cents at \$97.60, only 20 cents away from the year's high which in turn is the best level in nearly 21 years.

It was in the final hour that the rails came to life with a rush and carried everything else along.

Northern Pacific was the day's most active issue up 2 1/4, at 50 1/2 with 29,300 shares traded. It was followed by St. Regis Paper up 1/2 at 18 1/4.

Big 3 Demand Egyptians Lift Canal Blockade

UNITED NATIONS, Aug. 6-(AP)—The U. S., France, and Britain served notice on Egypt today that all three big powers want the Suez Canal blockade lifted.

Representatives of the three countries conferred with Mahmoud Fawzy Bey, Egyptian permanent delegate to U. N., at the U. S. mission headquarters. They gave him a draft of a resolution they will present to the security council Thursday unless Egypt acts herself to lift the blockade restrictions before then.

Egypt has been halting all shipping bound for Israel and seizing many things she finds as war contraband.

Grain Market Stands Still

CHICAGO, Aug. 6-(AP)—There was nothing to disturb the unruffled calm of the grain market today. It practically stood still, waiting for something to happen. Small losses slightly outweighed in number equally small gains.

Price fluctuations in wheat, corn and oats did not exceed a cent all day. They were slightly larger than in rye and soybeans, but that is usually the case.

Wheat closed unchanged to 1/8 lower, corn 1/4 lower to 1/2 higher, oats 1/2 lower to 1/4 higher, rye (new style) 1/4-1/2 lower, soybeans 1/4 to 1 cent lower, and lard 3 cents lower to 12 cents a hundred pounds higher.
