## 180 Horsepower!

Until you drive it you'll never know what

# Chrysler FirePower V-8

does for you!

**YOU'VE HEARD THE TALK** about Chrysler's revolutionary new V-8 FirePower engine... with its 180 horsepower, its amazing smoothness and acceleration...

**NOW COME DRIVE THE REASON** for all this excitement. Here is the most revolutionary advance in American motor car engine design in 27 years!

**HERE'S 180 HORSEPOWER**... a full 20 horsepower more than that of the next most powerful American passenger car engine!

**A NEW KIND OF HIGH COMPRESSION**... the first Hemispherical Combustion Chamber in an

American car engine actually puts to work more of the energy contained in the fuel than other engines.

**HERE'S EXCITING PERFORMANCE**... responsiveness, acceleration, smoothness, which no other passenger car engine built in this country can equal today. And you can have it with FirePower even on non-premium grade gasoline.

**HERE'S THE SAFETY OF POWER-IN-RESERVE** greater than you've ever had at your command—a new high in the instant responsiveness which is the very essence of safety on today's highway!

**YOU'LL LIKE CHRYSLER'S POWER BRAKING** TOO... smoother, gentler, swifter stops at any speed than you've ever known. At the touch of your toe, power from the engine helps put on the brakes... reduces foot pressure by as much as two-thirds!

**AND HYDRAGUIDE... THE NEW POWER STEERING!** It makes driving a car a brand new experience. At your touch on the wheel, hydraulic power provides four-fifths of the steering energy. Even at a standstill, you can turn the wheels with your thumb and one finger! A great safety feature.

COME DRIVE IT... ONLY A RIDE CAN SHOW YOU WHAT ONLY A CHRYSLER GIVES!
