

Program at Labish Center Church Oct. 14

LABISH CENTER—Rally and Homecoming day will be observed at the Community church October 14.

There will be a children's program at 10 a. m., followed by regular worship services at 11 a. m. Arranging the no-host dinner at noon will be Mrs. Orville Klampe, chairman, Mrs. Harvey Aker, Mrs. Pete Russ, Mrs. Horace Bibby, Mrs. Fred McClaughey, and Mrs. Roy Aker.

Program Planned At North Santiam

NORTH SANTIAM—Projects for the coming club year were decided on at a recent meeting of the North Santiam Woman's club. The projects are to be Dresden craft, hooked rug making, textile painting and knitting.

Valley News Briefs

Fedee—Women's Society of World service of the Evangelical United Brethren church observed World Day of Prayer at the home of Mrs. Frank Sheythe Friday, with Mrs. Sheythe in charge of service.

Amity—The Amity high school band will go to Portland, October 10, to attend the United States marine band concert. Chorus students and Joe M. Barr, music director, will attend.

Marquam—Mrs. Clayton Ray and Mrs. Alford Oster were hostesses to the Molalla F. L. Girls club in the Oster home Friday evening.

Mill City—Recent Mill City visitors were T. Sgt. and Mrs. Herbert McClintock who were on their way to Ogden, Utah, from Anchorage, Alaska. McClintock, who is with the air force, is the nephew of Mr. and Mrs. J. C. Kimmel of Mill City.

Brush Valley—The Brush Valley Extension unit will meet Thursday at 10:30 a. m. at the Robert Forster home on Wallace road. A demonstration on cooking cheaper cuts of meat will be held. Those attending are asked to bring their own table service and an inexpensive lunch will be served.

Hubbard—American Legion Miller and Mrs. Honbeck signed as new members. Mrs. Hammer was hostess and Mrs. Marvin Overholts was co-hostess.

commander of district 2, Joe Yackey of Newberg, will install new officer for American Legion post 166 of Hubbard, Wednesday night at the local Legion hall.

Lincoln—The Good Will club will open its fall schedule of meetings at 7:30 p. m. Wednesday in the home of Mrs. Freda Brog.

Sidney-Talbot Unit Meets Nov. 6

JEFFERSON—Mrs. Robert Sears opened her home last week to members of the Sidney-Talbot Home Extension unit. Mrs. Rex Hartley was co-hostess.

Twenty members were present with Mrs. Carlson of Salem joining the unit. The next meeting will be held on November 6 at the home of Mrs. Elton Higbee beginning at 10:30 a. m. Projects scheduled on the unit's program include glove making, preliminary instruction in inner spring cushion repair, and basic landscaping. The last project, a district meeting, is open to the public and will be held at the Mayflower hall in Salem on October 22.

SENTENCE WITH STRETCHER

IPOH—(P)—A man on a stretcher has just been sentenced to hang. T'ing Fah, 24, wounded in a clash between red terrorists and security forces, was carried into Perak high court to be condemned to die for possessing ammunition.

Some Solons Wary of Fuel Power Plants

WASHINGTON, Oct. 8—(P)—Some members of the house public works committee have challenged the interior department's motives in seeking to build eight fuel burning electric generating plants in the Pacific northwest.

Rep. Dondero (R-Mich), ranking republican on the committee, released a summary of the protest. He said it would be filed with the committee today.

A majority of the committee on October 3 approved a bill authorizing the secretary of the interior to construct the plants.

Congress, the report said, has resisted past attempts by the interior department "to assume public utility responsibilities" for supplying all wholesale power in areas where it is a partial wholesaler of electric energy.

The minority group questioned the interior department's claim that the steam generating plants are necessary for the national defense.

Doubts Listed
The statement further said there are "grave doubts" on the following points:

1. Whether interior has not "deliberately obstructed" efforts of the City of Tacoma, Wash., and a private utility to get licenses for two hydroelectric projects with a total capacity of 580,000 kilowatts. At no expense to the government,

these projects would accomplish the same firming up purpose for the northwest power pool as the 400,000 kilowatt projects the government proposes to build, the republican said.

2. Whether the department acted in good faith in view of committee testimony that the proposed plants would take from a year to 18 months longer to put in operation than would the non-federal hydroelectric projects.

3. Whether source of fuel for the proposed plants is available. The report said it would be impractical to use low grade state of Washington coal. It said the only reliable source would be oil, which would be "wholly interruptible" during a defense emergency.

4. Whether "the prospective northwest defense production crisis is not artificial and bureaucratically inspired."

5. Whether the aluminum companies that benefit from cheap government power in the Pacific northwest shouldn't build their own steam plants to meet additional requirements.

6. Whether sufficient efforts

Senators Told Details of New White House

WASHINGTON, Oct. 8—(P)—Senators have assurance that the remodelled White House will not look like a dance hall, nor a royal palace.

They also learned that President Truman and his family probably can move back into the redone executive mansion early next year after more than two years at nearby Blair house.

All of this was told behind closed

doors to the senate appropriations committee before it recommended spending another \$281,000 on the reconstruction which began Dec. 7, 1949.

Congress previously voted \$5,500,000 for rebuilding the entire interior section of the White House.

The additional funds are needed, senators were told in testimony made public today, because of increased costs of materials and unexpected delays.

New foundations were installed

24 feet below the old foundations, 10,000 cubic feet of dirt excavated, all furniture and furnishings were removed and renovated. The interior size of the building will be increased by 64 per cent.

BUS ACCIDENT KILLS 5
GAINESVILLE, Va., Oct. 8—(P)—A crowded Trailways bus skidded off a slippery northern Virginia highway and wrapped itself around a tree Sunday and state police said five persons were killed and at least 15 injured.
