

Former Salem Boy, Victor Jory, Leads Film Names in Visit Here

(Photo on page 1.)

Six Hollywood movie personalities paid Salem a call Friday to direct attention to the movie industry's 50th anniversary and to show close-up that actors and others of the entertainment industry are, after all, "just folks."

Center of attraction was Victor Jory, popular character actor and former Salem boy, but the Elsinore theatre spotlight also was on two pretty girls from Oregon, veteran actor Joseph Calleia and a husband-wife writing team, Frances Goodrich and Albert Hackett.

Egyptians May Declare British Troops Enemy

CAIRO, Egypt, Oct. 12 (AP)—Egypt will soon put the heat on British troops in the Suez canal area by declaring them "enemy forces" and cancelling their special privileges, official sources said today.

A program of non-cooperation to cut off the troops' drinking water, fresh food and the use of Egyptian labor was forecast to follow parliament's abrogation, expected Monday, of two old treaties.

These treaties authorize Britain to keep 10,000 troops, 400 pilots and various auxiliaries on guard at the strategic canal and provide for joint British-Egyptian rule of Sudan, bordering Egypt on the south.

Britain has announced she intends to maintain her full rights under the treaties, however, and British military men here did not appear deeply concerned over the new threat.

Keizer Benefit Dinner Draws Capacity House

Statesman News Service
KEIZER, Oct. 12—Prospects for a Keizer community hall gleamed tonight when 375 persons filled the school auditorium for a dinner that keynoted a drive for funds.

Speakers said early reports indicated the dinner had netted "about \$400." Pledge cards were distributed to those who attended. "It isn't enough just to say 'Keizer ought to have a community hall,'" said Ray Lafkey in urging support for the drive. Lafkey is "mayor" of the unincorporated district.

J. L. Franzen, city manager of Salem, said "I wish you success; it will be one of the finest adjuncts to your community you can get." Representatives of most of the 28 Keizer organizations backing the drive were introduced.

MASTER BREAD
... is fresh bread!

Dubious Public Passes Up Sure-Fire Profiting

DENVER, Oct. 12 (AP)—A Broadway automobile company, Davis Motors, Inc., advertised it would buy pennies at a premium, giving a dime for nine coppers and \$1 for 100.

Twenty special police were hired to handle crowds. They weren't needed—only one man showed up this morning. He handed over nine pennies for a shiny new dime.

Added Sewer Bonds Lose in Albany Voting

ALBANY—Voters narrowly rejected a bonding plan to provide funds for construction of an expanded sewerage disposal system 228 to 220 by unofficial count here Friday.

The bond plan called for \$250,000 to be added to \$500,000 passed four years ago. The additional sum was needed to meet state requirements for construction of an interceptor sewer and pumping stations.

The vote was tight in all three wards, officials said. City officials say the state will probably take over the problem, laying down specifications for the project.

First Aidmen, Friends Save Man in Creek

Howard M. Mumby, 1940 Lana ave., was rescued from cold Mill creek waters at the bridge in the 800 block North High street by friends, first aidmen and city police Friday night, police reported.

Mumby was found grasping a root on the north edge of the stream by a friend, Ivan Bowers, who had swum across in search of him from the south bank, police said.

The First Aidman Gerald Hall came on the scene with a rope, swam across and secured the line to Mumby. He assisted the man across while others on the bank pulled. Hall then swam back with the rope for Bowers, police said.

Mumby was taken home by his wife after examination by aidmen, who said he apparently suffered from shock.

Police Seek Purse Thief

City police were seeking a youth Friday who stole a woman's purse containing more than \$25 in cash and a check for \$100 from a locker in First Christian church.

The purse, belonging to Mrs. L. B. Starke of 1190 Harriett dr., was found Friday afternoon by Mrs. Kermit Burton, 698 N. Church st. in an alley behind her residence. Police said only \$7 was missing.

Mrs. Starke told police a youth came to the church Thursday and asked to see it. She invited him in and later discovered that her purse was missing.

Rock-Throwing Boys Shatter Store Window

Two seven-year-old Salem boys found expensive fun Friday afternoon when one of them threw a rock through a \$145 plate glass window at the Owl Drug store on North Capitol and Center streets, city police reported.

Police said both boys were throwing rocks from a service station across the street while going home from school. Neither knew which cast the window breaker. Parents of the boys said they would contact Floyd Morgan, store manager, to arrange payment for the damage, police said.

Peeping Landlord Caught by Police

Peeping through an apartment window cost the landlord \$35 fine with five days sentence suspended in municipal court Friday.

Marshall M. Stewart, 590 Union st., was assessed the fine on conviction of disorderly conduct. A passerby called the attention of a patrolman to the window peeping Thursday and signed the complaint against Stewart, police said.

Truck Weight Bill Termed Very Effective

A preliminary report on the truck weight bill of the 1951 legislature indicates the law is accomplishing its purpose of reducing overloading, the highway interim committee of the 1951 legislature said at a meeting here Friday.

The interim group will meet jointly with the state highway commission in Portland today.

State Sen. Elmo Smith, interim committee chairman, said his group accepted Linn county overloading records, particularly because that county is a logging center, as one check on the accomplishments of the new law. Months of August, 1950 and 1951, were used as a comparison of the old and new law.

Linn county operators showed a remarkable record of compliance with the new law, Smith said.

Under the old law the county had a violation percentage of 3.03 for August, 1950, while this was reduced to a percentage of 0.61 for August, 1951.

Trucking and logging operators were commended by the committee for the low percentage of over-loadings during August of this year.

"If this cooperation continues the law will accomplish its purpose of saving the highways from much damage due to excessive truck loading," committee members said.

Several other problems, to be discussed at Saturday's meeting in Portland, came before the interim committee here but no action was taken.

Home Permit Issued by City

Permit for a \$10,000 house and garage to be built at 470 Waldo ave. was issued to George Raymond at the city engineer's office Friday.

Other permits included: Mrs. Lewis Franklin, to alter dwelling at 560 Glen Creek rd., \$1,500; Walter Yoos, alter dwelling at 1130 Al-pine, \$700; F. H. Harris, alter dwelling and garage at 2240 Lee st., \$150; G. C. Yee, re-roof dwelling at 535 Hood st., \$139; A. E. Lyons, repair private garage at 840 Hoyt st., \$50.

Sgt. Harbaugh Arrives in U. S.

Sgt. Bruce L. Harbaugh, 21, of 995 Mill st., was due to arrive in San Francisco on Friday from the Far East. It was announced by Military Sea Transportation service.

Harbaugh, son of Mrs. Ralph Hornaday, had been in Korea since the start of hostilities, members of his family reported. He served as a communications man with a Korean military advisory group.

Harbaugh graduated from Salem high school in June, 1948, and joined the army the following January.

School Roof Unit Okehed

A delegation of McKinley school parents Friday inspected a reinforcement of roof trusses in the new addition to the school building.

Harry Scott of the school board's buildings and grounds committee said some question had been raised over the type of construction, with the result that contractor E. E. Batterman had made a change at the suggestion of a group of the parents. The change proved satisfactory to the parents, the city engineer's office and a consulting engineer brought in by school architects, he said.

Sunken Garden Parking Plan Topic of Meet

The state capitol planning commission Friday discussed but took no action on a proposal of the state board of control involving underground parking in the sunken garden block just north of the statehouse.

"Facts in connection with the project were lacking," R. W. Sawyer, Bend, commission chairman, declared at the conclusion of the meeting at the statehouse.

Sawyer said apparently no consideration had been given by the board of control to the street arrangement outside the parking area. Milton Meyers, a commission member, said a large part of this expense probably would have to be borne by the city of Salem.

Roy Mills, board of control secretary, estimated the cost of the underground parking project would be \$500,000.

Sawyer emphasized that the door had not been closed to the project and that additional details might be presented to the commission later.

Tourist Bureau Budget Approved

PORTLAND, Oct. 12 (AP)—A \$250,000 budget has been approved for the third straight year by the state highway commission for the travel information department of the state highway department.

Department officials told the commission that general advertising rates have advanced about 10 per cent, but that newspapers have not increased their rates for the past year.

Iran Rebuffs U. S. Efforts For Oil Talks

UNITED NATIONS, N. Y., Oct. 12 (AP)—An Iranian spokesman today rebuffed American efforts to start new British and Iranian oil talks under the watch of the U. N. security council. But he indicated his government would welcome the good offices of any nation or individual.

The spokesman, Hossein Fatemi, deputy premier, said Iran would not accept any resolution, such as one drafted by Britain for action by the council, which would enable the security council to "interfere" in the oil question. He said the best decision the council could take would be to decide it has no jurisdiction in the oil crisis.

Fatemi made his comments at his daily news conference as the United States delegation pressed an urgent campaign to get the two countries to resume negotiations.

Police Recover Stolen Autos

Two stolen autos were listed recovered on city police records Friday.

A 1950 sedan owned by Mattland B. Carrier, 1162 Sagnaw street, was found by police in the 1800 block State street Friday morning. Police said license plates on the auto had been switched.

It was reported stolen Thursday from 1300 State street. The other car recovered, owned by Burns Christofferson, Salem route 7 box 112, was stolen from a cannery parking lot. It was found by police Thursday night at 700 N. Front st.
