

Senate May Shelve Jessup Nomination

WASHINGTON, Oct. 13—(AP)—Majority Leader McFarland of Arizona indicated today the senate will shelve President Truman's nomination of Philip C. Jessup as an American delegate to the United Nations.

Jessup is now an ambassador-at-large and one of the state department's senior diplomats. His appointment to the U.N. has been opposed by Harold E. Stassen and fought by Senator McCarthy (R-Wis.), who accused him of communist sympathies. Jessup has denied the charge.

With congress headed toward adjournment, possibly by the end of next week, McFarland was asked whether he would schedule a senate vote on Jessup's nomination if the foreign relations committee reports it out in the next few days.

The democratic leader replied that the only "must" measures remaining on the senate calendar are the tax increase and appropriations bills.

"I don't think you can make an exception," he said, adding that once the "must" bills are cleared "it will be very difficult to keep a quorum here."

If the senate fails to act on the nomination, Mr. Truman will be free to give Jessup a recess appointment so that he can join the American delegation to the forthcoming U.N. assembly in Paris.

Gale Threat to Legion Meet

MIAMI, Fla., Oct. 13—(AP)—Something stormier than the American Legion national convention hung as a bare threat over this area today.

While legionnaires by the hundreds arrived for the annual get-together starting Monday, the weather bureau kept sharp watch on a potential tropical storm area in the Caribbean sea.

Forecasters reported there was a good possibility that no storm would develop. Legionnaires who attended the 1948 convention here remembered, however, the tropical rainstorm that changed their great parade into something resembling an aquacade.

Rescue Team Drowns After Plane Crashes

GOLD BEACH, Ore., Oct. 13—(AP)—Two fliers searching the boiling surf at the mouth of the Rogue river for an elderly California couple survived a crash into the ocean but failed in their swim to shore.

Witnesses reported that today. The bodies of the Californians washed ashore early today.

Volunteers, among them people who said they saw both of the plane's occupants get free and swim, kept up the hunt today for the two men from the plane.

The California couple, Mr. and Mrs. William Grant of Van Nuys, who were accustomed to come here each year, were drowned when their disabled 19-foot boat was flipped over by a wave near the river's mouth yesterday afternoon.

Roy Radar, 44, airport manager, was called. He took with him Vance Scott, about 25, as observer. The two headed out over the water and on the second swing past the river's mouth their engine quit. The plane crashed.

Doctor Says Battle Against Socialized Medicine Half Won

PORTLAND, Oct. 13—(AP)—The fight against socialized medicine has been "half won, but the battle is not over," Dr. John W. Cline, San Francisco, president of the American Medical association, said here last night.

Dr. Cline spoke at a banquet closing a four-day meeting of the Oregon State Medical society.

Voluntary prepaid medical plans cover some 75,000,000 people in this country, he said after crediting Oregon with pioneering in the field of prepaid medicine.

REVOLT UNSUCCESSFUL
CARACAS, Venezuela, Oct. 13—(AP)—The ministry of defense announced tonight that 300 persons in Caracas and an unspecified number throughout Venezuela have been arrested following an unsuccessful revolt.

Oregon Accident Rate High on List

PORTLAND, Oct. 13—(AP)—Oregon's 1950 accidental death rate was one of the worst in the nation, the state board of health reported today.

Only six other states had a record worse than Oregon's death rate of 80.6 per 100,000 population, the board said. Thirty-seven per cent of the total was the result of automobile accidents, with 45 deaths. Home accidents claimed 333 lives.

Pills Blamed In Baby Death

DALLAS, Texas, Oct. 13—(AP)—Drugs instead of beer caused the death of a year-old baby last September 22, an inquest verdict said today.

The death at first was attributed to beer and soda, but an autopsy disclosed that the child had eaten some of his grandmother's pills.

Still pending is a charge of murder without malice against 17-year old Richard Harold Tucker, who police say admitted giving beer to the baby.

Ousted Cadets May Receive Second Chance

WASHINGTON, Oct. 13—(AP)—Two of the 90 cadets dismissed from West Point for cribbing have been nominated for re-entry by their congressmen, it was learned today, and eight or 10 others may be offered a second chance.

Whether the boys will succeed in getting back into the military academy remained to be seen.

Robert Daru, counsel for the committee on justice of the New York Criminal and Civil Courts Bar Association, said 55 of the ousted cadets are anxious to resume their military careers at West Point.

Rep. McCormack of Massachusetts, the democratic leader in the house, has renominated one young man, Daru said, and Rep. Cleveland (D-Ohio) has renominated another. The lawyer said congressmen had assured him that at least eight others would be named again this week.

An army spokesman said September 28 that there was nothing to prevent members of congress from renominating any of those ousted.

\$500,000 Fire Destroys Portland Automobile Firm

PORTLAND, Oct. 13—(AP)—The Roberts Motor company building in north-east Portland was destroyed by fire tonight. A member of the firm estimated the damage at \$500,000.

The fire was believed to have started when a ceiling light exploded while the building was being remodeled. Flames swept across the newly painted ceiling and touched off a quantity of paint and paint thinner.

Eight painters, the only occupants of the building, escaped.

Snake Succumbs After Biting Man

MACON, Ga., Oct. 13—(AP)—A snake bit Deputy Sheriff Sam Riley. It died. Riley suffered no ill effects.

The deputy encountered the snake, the small garter variety, when he reached under an automobile seat yesterday seeking a pistol in a robbery investigation. It sank its fangs in his hand.

Riley hurried off to a hospital for emergency treatment. The snake went into a coma and was soon dead.

MacNaughton Silent Over China Dispute

PORTLAND, Oct. 13—(AP)—Comment was declined today by E. B. MacNaughton, college president, newspaper head and banker, on the exchange in connection with recognition of communist China between Harold Stassen and Owen Lattimore.

MacNaughton said since he had not seen a transcript of what was said at a 1949 state department conference he attended and did not know what it contained, he would not comment.

Stassen had said that Lattimore led a group which advocated early recognition of communist China. He had listed five other participants in the conference as sticking close together with Lattimore on the subject of recognizing red China.

Stassen was "thus attempting to insinuate that our views or expressions were identical," Lattimore said in a letter to Stassen yesterday.

"You should know that this is false," he wrote, adding: "I would like to know your answer as to why you did not mention Mr.

Demand for State Clover Seed Cut

CULVER, Oct. 13—(AP)—A big California crop and Italian imports have cut the demand for Idaho clover seed from Oregon's Jefferson county, a seed company spokesman said.

As a result warehouses are jammed with seed and growers are taking loans on their crops on the basis of the government support price of \$1.25 a pound, Don Lehman, seed company manager, said.

Herod, Mr. Murphy and Mr. MacNaughton, who supported immediate recognition, a position which I did not take."
