On Etiquette

By Roberta Leo

Q. What is the proper sequence in a social letter?
A. It is correct to write on the first page, and then on the third, or on the first, second, third and fourth. The latter order is probably the better in the case of very long letters, as it avoids confusion. Never write sideways or crosswise, as it leads to difficulty in reading.

Q. How much time is the bride properly expected to spend with her guests at the wedding reception?
A. Not more than two hours. She may then retire to her room with the maid-of-honor to change into her traveling costume.

Q. Is it correct to serve a dessert with the silver on the plate?
A. Yes.
