New Procedure For Addressing PW Mail Set

New procedure for addressing mail to prisoners of war in Korea was outlined Monday by officials of Marion County chapter, American Red Cross.

Officials in Salem were advised by telegram from the Red Cross regional headquarters in San Francisco that such mail, marked "Prisoner of War Mail" in upper right corner of envelope, should be addressed with grade, full name and serial number of the imprisoned soldier, followed by "c/o Chinese People's Committee for World Peace, Peking, China." The name or number of prison camp may be added.

The use of APO 100 should be discontinued, Red Cross was informed.

Mail for prisoners is now flown to Japan, then sent to a designated spot in Korea for transfer to prison camps under arrangements made at the truce negotiations between Communist and United Nations leaders.

The Red Cross also announced that 5,000 11-pound food packages, 4,000 food parcels specially packed for undernourished prisoners and 15 medical kits have been shipped by Red Cross to Yokohama, pending an agreement by truce negotiators as to distribution.
