

Through Traffic Will By-Pass Salem to the East on Projected Road

First contracts for the above-shown 10 miles of by-pass highway east of Salem probably will be let by the Oregon State Highway Commission at its meeting in March, Engineer R. H. Baldock said last week. Right-of-way negotiations are under way. Initially the highway will be two lanes. First phase of the project is estimated to cost \$1,500,000. The road will stretch north and south just east of the State Penitentiary grounds and a few hundred yards west of Four Corners, linking with 99E to the north at Hayesville and to 99E to the south near the Battle Creek crossing.

Bank Robbers Fail to Crack Vault at Union

UNION, Ore. (AP)—Thieves broke into the Union branch of the First National Bank sometime Saturday night but failed to crack a vault where an estimated \$15,000 in cash was stored.

The attempted robbery was discovered at 7:30 a.m. Sunday by a janitor. He called police and bank officials. Later the FBI entered the case.

In Portland the FBI said an acetylene torch was used to cut a hole in the first door of the main vault. The thieves were unable to cut their way through the second door, and apparently left empty-handed.

Agents said the burglary of a hardware store in nearby Hayesville was being investigated in connection with the bank break-in. An acetylene torch was reported taken from the hardware store.

Zoologists recognize over 90,000 species of living animals.

Coast Guard Pay Clerk, \$45,000 Reported Missing

AUGUSTA, Ga. (AP)—Coast Guard officers at nearby Camp Gordon opened a pay clerk disappeared Thursday and reported that approximately \$45,000 is missing. The FBI promptly announced that Pay Clerk Ernest L. Whetzel Jr., 36, will be charged with embezzlement.

Whetzel, pay and supply officer for the Coast Guard detachment at Camp Gordon was the only person knowing the combination to the safe in which Coast Guard funds were kept.

Westbrook Named To Demo Position

WASHINGTON (AP)—Lawrence Westbrook, research engineer who was closely associated with many projects of the early "New Deal," was named to the position of chairman of the Democratic National Committee Sunday.

Chairman Frank E. McKinney said Westbrook's principal responsibility will be close contact with Democratic members of Congress.

By-Pass Route Construction Plans Finished

Most details of the by-pass highway just east of Salem are complete, with first construction contracts to be let in March, according to R. H. Baldock, state highway engineer.

The 10-mile freeway, aimed at completion in about three years, will join the present Highway 99E just south of Hayesville School and near Battle Creek, three miles south of the 12th Street junction. The project eventually will include some 15 traffic-separation structures or bridges.

The work will be done in two phases, said Baldock, with the section from Hayesville to State Street to go first. The southern section is complete.

Considerable right-of-way already has been secured and cleared on the northern part of the route, which runs just east of Hollywood and Hawthorne Avenues and parallel to the Lancaster Drive. Right-of-way negotiations have not begun for the southern portion, which is mostly through unpopulated area.

The first bids called are for grading of the north section. In April the highway commission will open bids for seven grade separation structures—across Southern Pacific Railroad's Geer line, Silverton Road, Sunnyview Avenue, Garden Road and State Street, under D and Center Streets.

The State Public Utilities Commission has set for Tuesday, Jan. 15, at 2:30 p.m. a public hearing on the Geer railroad crossing.

D and Center crossings will be the only underpasses for the new route, said Baldock. Other overpasses slated are for the Geer Road, where some realignment is anticipated, Southern Pacific mainline and Pringle and Boone Roads. There will be a bridge across Mill Creek.

The engineer pointed out that only two lanes of the highway and the structures will be built now. When a four-lane road is needed to carry the through traffic, a separate highway will be installed parallel to the first, making each road one-way. This will not add any expense as to the separation structures, he declared, because of the interest which will be saved by financing only the currently needed portion of the program.

At the Hayesville junction there will be a simple surface traffic interchange with the present highway, pending future construction of a proposed expressway via Wilsonville to Portland. Such a road would join the Salem by-pass at Hayesville.

At Battle Creek, the by-pass will meet the present road at the curve between two long, straight stretches of highway built in the past decade. The interchange here will be on easy curves permitting traffic to move at highway speeds. In order to allow sufficient room for possible future expansion of McNary Field, the by-pass route will bend slightly eastward south of State Street.

DPs Send Truman Jumbo-Sized Christmas Card

NEW YORK (AP)—A jumbo-sized Christmas card to President Truman from 1,000 displaced persons in Munich, Germany, was brought from Europe Sunday.

The 20-by-30-inch card, brought by Commissioner Harry N. Rosenfield of the U. S. Displaced Persons Commission, bore greetings in the languages of 14 European nations.

Rosenfield arrived by plane from Rome after a month's trip through Europe supervising completion of the D. P. program. The Displaced Persons Act expired Dec. 31.

Rosenfield said he would deliver the Christmas card to Mr. Truman Monday.

Episcopalian Church Elects 1952 Officers

Parish officers and vestrymen for St. Paul's Episcopal Church were elected Sunday evening in annual parish business meeting, followed by a traditional Epiphany party, the Rev. George R. Swift reported.

Elected parish officers were Dr. Charles D. Wood, senior warden; L. E. deWeese, junior warden; Wallace P. Carson, secretary; and Carl Armstrong, treasurer.

New vestrymen elected were Charles H. Heltzel, R. H. Pittman, Wayne Gordon and Kenneth Sherman.

Plans were discussed to continue the church building program when steel is made available.

Hosts for the Epiphany party were Donald Roberts, chairman; F. Gausy; Austine Wilson and Mrs. Charles H. Heltzel.

About 150 persons attended both functions.

Other parish vestrymen are Lester F. Barr, Ralph Cooley, Glenn S. Paxson, deWeese, R. H. Baldock, Dr. Dean K. Brooks, Carson and Dr. Wood.

Reports revealed a total of 83 baptisms performed during 1951, compared to 56 the year before; 63 confirmations compared to 56 and approximately 580 families now listed on the separation rolls. Appreciable increases were noted also in Sunday School rolls with an increase of about 80, the Rev. Mr. Swift said.

Pastor Brings Student, Loot To Post Office

PORTLAND (AP)—Harold G. Lawrence, 20, walked into police headquarters with his pastor Saturday night and turned over \$2,350 which he said he had taken in a series of burglaries.

Lawrence, a student at Linfield College, was in the news last month when he disappeared for a week after abandoning his wrecked car near Tigard.

A police said Lawrence told him he had taken some \$3,450 in a series of burglaries in the Grant High district of Portland. He bought a car and then hid the rest of the money under the floor of his room at college, police said he told them.

He had the money with him when he disappeared three weeks ago, he said. He withdrew from school just before Christmas.

Lawrence—who said he was a "fairly regular" church goer when questioned about the reason for the burglaries, said he "didn't know."

He was charged with burglary and bail was set at \$3,000.

Twisted Metal Seen During Plane Search

ORVILLE, Calif. (AP)—Discovery of a large piece of twisted metal in the rugged Feather River Canyon Sunday set off another search for an Air Force plane missing since Dec. 28 with eight aboard.

Sheriff's Capt. Tom Evans said the metal "about four feet square—possibly aluminum" had not been identified as part of an airplane.

The C-47 disappeared on a flight from Spokane to Travis Air Force Base, Calif., after last reporting at Klamath Falls, Ore.

Evans said Jesse Lee Burns, 22, and Lloyd Lambeth, 14, spotted the metal late Saturday while setting mink traps at the river bank near their homes at Feather Falls, 25 miles northeast of Orville.

Ike Warns Against 'Cheap Way to Peace'

SUPREME ALLIED HEADQUARTERS EUROPE (AP)—General Dwight D. Eisenhower warned Sunday at the end of his first year as supreme allied commander in Europe, that "peace and freedom are not cheaply bought."

In a recorded television broadcast for a United States network, the five-star general described the 12-nation Atlantic Pact military headquarters he commands as "solely an effort to forge a protective weapon to insure a safe peace."

He said a number of advances had been made in Europe's defenses against Communism since he flew to Europe to take command last Jan. 7, and added:

"This common effort is costly, but peace and freedom are not to be bought cheaply, and no single payment can be regarded as the final price."

Listing the achievements of Supreme Headquarters Allied Powers in Europe SHAPE in its first year of existence, General Eisenhower declared:

"Morale is definitely surer among the civilians and armed services. In numbers, efficiency and in spirit, the soldiers, the sailors and the airmen of our Allied forces have been strengthened."

"During the same year," he added, "there have been disappointments and discouragements. National economies have been seriously stretched."

Outlining the purposes of SHAPE, General Eisenhower compared it to some previous coalitions, which he said "have been joined in greed or hatred."

"Our union," he said, "seeks nothing we do not now own. It does not seek to thrust on others our own system or beliefs."

Actress Reports Theft

NEW YORK (AP)—Screen actress Linda Darnell chats with newsmen in the lobby of her hotel in New York, after reporting to police the theft of jewelry and furs from her suite. Miss Darnell valued the jewelry and furs at about \$20,000. (AP Wirephoto to The Statesman.)

Izvestia Claims Morale of U.S. Soldiers Poor

MOSCOW (AP)—Izvestia said Sunday the morale of American soldiers in Korea is very bad and they "do not want to continue the senseless, bloody war" there.

Citing such American newspapers as the New York Times and New York Herald Tribune, Izvestia reached the conclusion that no propaganda will succeed in hiding from American troops in Korea the fact that "they are pouring out their blood for the selfish interests of Wall Street."
