Corn Strength Feature of Grain Market

CHICAGO (AP)—Grains wound up with a scattering of gains and losses on the Board of Trade Friday by a revival of strength in corn.

As it is their wont, oats followed the action of corn, tacking on fractional advances.

There was a time when wheat and soybeans also sold above Thursday's finish.

They couldn't maintain that position, however, losing ground on a small increase in selling pressure during the last hour.

Wheat closed unchanged to 1/4 lower, corn 3/4-1/2 higher, oats 3/4-1/2 higher, rye 3/4-1/2 higher, soybeans 1/2-3/4 lower and hard winter wheat 1/2-3/4 higher, a hundred pounds higher.

NEW YORK (AP)—A moderate advance Friday put the stock market only slightly under the 21-year peak reached last October.

With steels and rails leading, the market showed gains among leaders of between 2 and 3 points. These, however, were balanced by losses running to between 1 and 2 points in many instances.

The Associated Press average of 60 stocks advanced 80 cents at \$101.50. Last Oct. 15 the average attained a 21-year top of \$101.50.

The Associated Press average gained 30 cents at \$101.10 with the industrial component unchanged, rails up 80 cents, and utilities 10 cents.

Trade expanded to 1,740,000 shares, another factor encouraging to the bullish side, as compared with 1,590,000 shares traded Thursday. It was the second highest total this year.
