When Mean Colds Stuff You Up

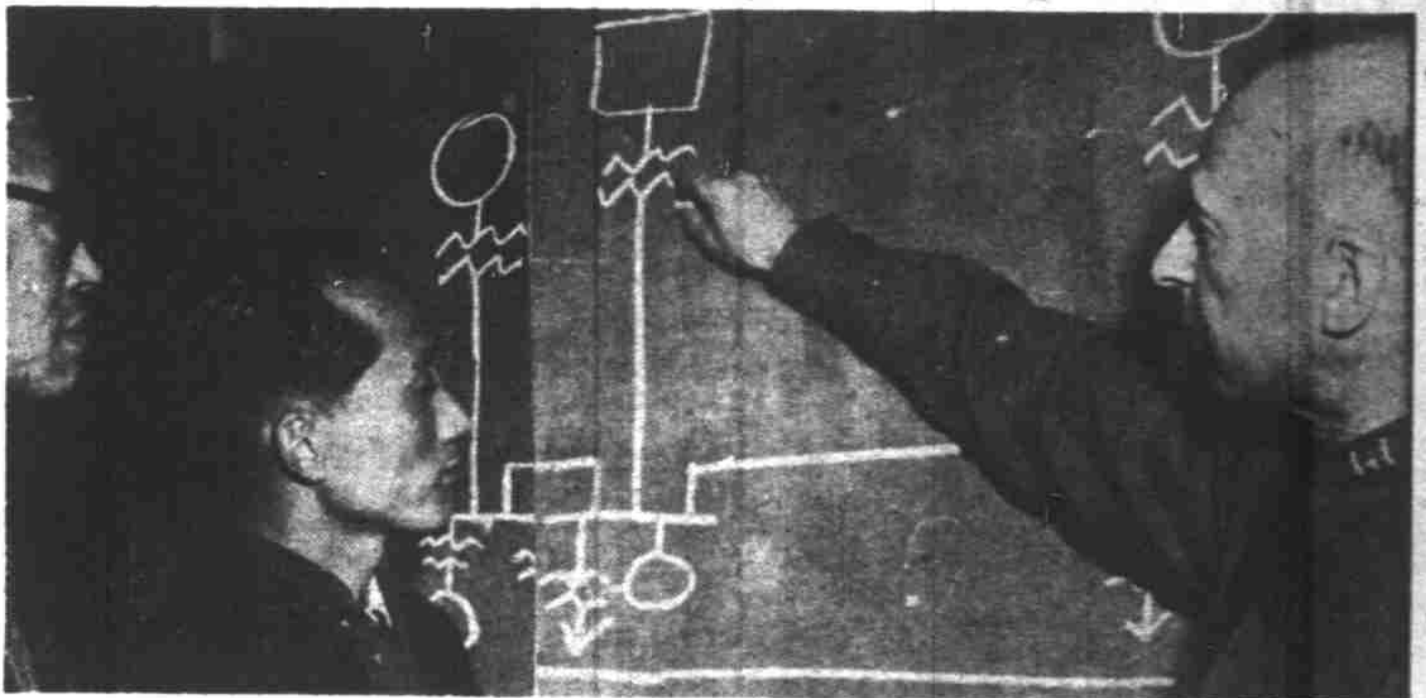

It's so easy to relieve coughs and stuffiness of colds in a hurry this home-proved way — with 2 spoonfuls of Vicks VapoRub in a vaporizer or in a bowl of boiling water as directed in package.

Just breathe in the steam! Every single breath carries VapoRub's soothing medications deep into throat and large bronchial tubes. It medicates irritated membranes, helps restore normal breathing. For coughs or upper bronchial congestion there's nothing like using Vicks VapoRub in steam.

For continued relief always rub it on throat, chest and back.
