

Adjustment Period Needed

PITTSBURGH (AP)—A pretty exchange student from the free University of Berlin and now a doctoral candidate at Carnegie Tech says German youths have not had time to adjust themselves from war to peace and then to rearmament.

Blue-eyed Irene V. Reitzenstein thinks some of the confusion in the minds of German youth could be alleviated if the university could afford more cultural programs. This would give the students the spiritual strength needed.

Many of the students, she says, are refugees from the Soviet zone of Berlin where no Western papers are permitted and the radio stations are policed. Most refugees and West Germans can't afford to go to school.

Languages Made Easier

CINCINNATI (AP)—Learning foreign languages is not the tedious grind it once was—at least not at the University of Cincinnati.

Here the students have a large soundproof laboratory where they get acquainted informally with the language while they learn it. They have foreign-language records and movies, a tape recorder and a short wave radio for foreign station and Voice of America broadcasts.

The four hours of lab work are in addition to three hours of regular classroom study each week. One beginning class conducted a debate entirely in Spanish after only four months study.

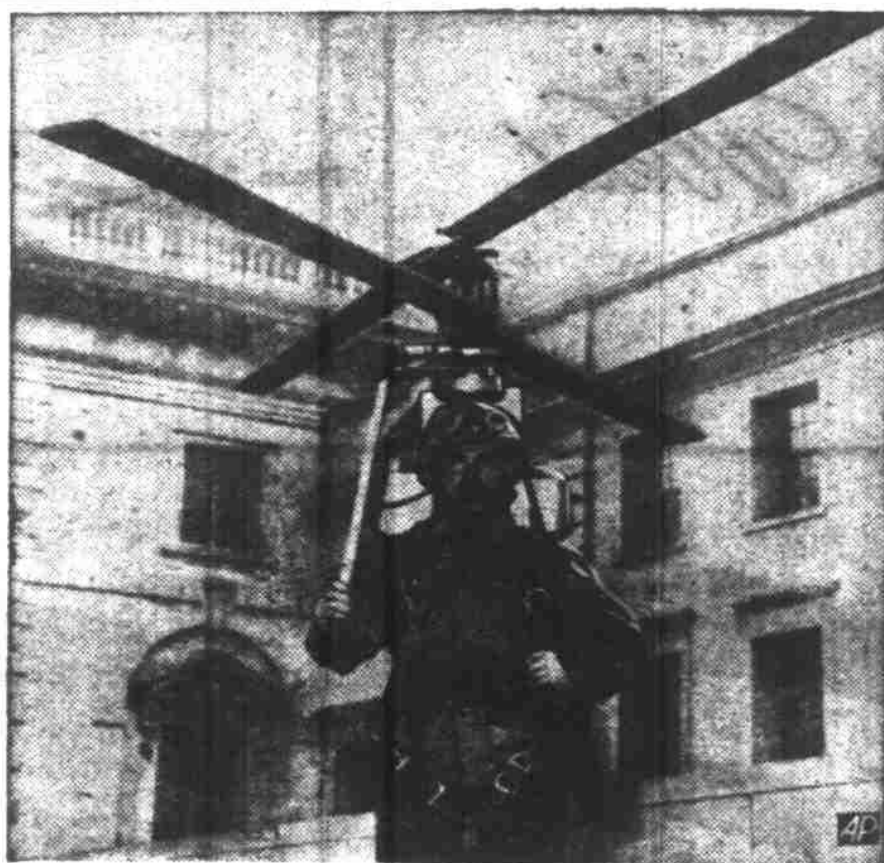

Dr. Chesley M. Hutchings, acting head of the department of romance languages, originated the group study method a number of years ago. The laboratory has been in operation since 1950.

Malaya to Return Chinese to China

KUALA LUMPUR, Malaya. (AP)—The Federation of Malaya government is proposing to repatriate Chinese who wish to return to China with their families. The government has asked the legislative council to appropriate \$133,000 to give the scheme a three months' trial.

Purpose of the voluntary repatriation scheme is to get rid of Chinese who feel they have closer ties to China than to Malaya. It would apply primarily to those Chinese squatters who are dissatisfied with the government's program to put them in resettlement areas in order to curb aid to Communist terrorists.

SCHOOL AGE VIENNA (INS)—Famous Vienna surgeon Dr. Leopold Schoenbauer says the world famous Vienna Medical School dates back to the year 500 B. C. The surgeon said a recently discovered skull which is estimated to be 2500 years old, shows clear marks of a successful skull operation.

NOT FROM MARS — T/Sgt. Daniel Murphy demonstrates "Hoppi-Copter," a one-man helicopter strapped to shoulders and capable of flying a fully-armed man, in Washington, D. C.

Library Has Books 500 Years Old

CESENA, Italy. (AP)—The Malatestian library, one of the oldest in the world, will celebrate its fifth centenary this spring. The library was founded in 1452 by Prince Domenico Malatesta, and was kept by the Franciscan Brothers until 1866 when the Italian state took over the property. The books have been kept with almost religious care for the past five centuries.

Rotarians Vie In Attendance

DuQUOIN, Ill. (AP)—Pinckneyville Rotarians wheeled an accident victim into a Rotary meeting in their efforts to win attendance contest with the Du Quoin club.

Moreover the Pinckneyville member was wheeled into the Du Quoin club to get credit on Pinckneyville's record. It's a rule that visitors' attendance be credited to home clubs.

The visitor was Ray Shute who had been injured at Pinckneyville. He had not been released from the hospital in time to attend his home club's weekly meeting, so he was taken to Du Quoin in an ambulance.

DIPLOMATIC REPRESENTATION PLANNED

VENTIANE, Indo-China (AP)—The Laotian government expects eventually to establish diplomatic representation in three of the world's most important capitals. A foreign ministry source said it was hoped to send ministers or ambassadors to London, Paris and Washington. Laos presently has a minister in Bangkok, capital of Thailand.

Most trees on rubber plantations yield four to five pounds of rubber a year.

Pinochle Helps Polio Fight

CARBONDALE, Ill. (AP)—Joe Lerner, clothing president, parleys pinochle profits to fight polio.

To the March of Dimes in '51, he gave \$57 in winnings from weekly pinochle sessions. Winnings for the '52 polio fund totaled \$60. He usually wins, he explains, but his losses come out of his own pocket.

NUTRIENTS

HARRISBURG, Pa. (INS)—It's wise to count your pennies while buying food these days, but don't lose count of the nutrients in your food. This advice comes from the head nutritionist of the Pennsylvania State Health Department, Anna De Planter Bowes, Mrs. Bowes says skimping on food leads to three big deficiencies — the lack of leafy and yellow vegetables, lack of the animal protein found mostly in meat, and the lack of vitamin C.
