

DeMoss Loses In North-South

Defending Champion Advances in Tourney

PINEHURST, N. C. (AP)—Steady Pat O'Sullivan Friday moved doggedly along the path she hopes will lead to a third straight North and South golf title, but Medalist Mary Lena Faulk and Curtis Cupper Grace DeMoss were sent to the sidelines.

While Miss O'Sullivan, Orange Conn., girl who winters in nearby Southern Pines, was turning in the day's most one-sided victory, a surprising 5 and 3 decision over Mrs. J. A. Page, Chapel Hill, N. C., veteran, Mrs. H. S. Covington and Mary Agnes Wall, a pair of seasoned performers were providing the big news.

Mrs. Covington, whose home is in Orangeburg, S. C., was runner-up to Dorothy Kirby in 1943. Friday she played some of her best golf for a one up victory over Miss Faulk, slender star from Thomasville, Ga. The victory sends the South Carolinian against Miss O'Sullivan in one semi-final tomorrow.

Miss Wall, Menominee, Mich., veteran of several North and South appearances, took a two up decision from Miss DeMoss to move to a semifinal meeting with 19-year-old Barbara Romack of Sacramento, Calif., whose 3 and 1 conquest of Ida McDowell of Camden, S. C., was featured by a 50-foot putt for a winning birdie too on the final hole.

Benevolent Grid Pilot Turns in Resignation

WINFIELD, Kan. (AP)—Harold Hunt, coach and athletic director at Southwestern College who gained wide publicity last fall when he gave away a touchdown that meant victory for his football team, resigned Friday.

Hunt indicated athletic changes proposed at the college would make it impossible for him to retain the position.

In a game Sept. 14, Southwest batted Central Missouri State to the middle of the fourth period without scoring. Then a Southwestern back ran 27 yards and scored what appeared to be a touchdown.

But Hunt informed officials his ball carrier had stepped out-of-bounds and the touchdown was nullified. The game ended in a 6-6 tie.

JUNIOR WILL HAVE TO SWITCH MICHIGAN CITY, Ind. (AP)—Frank Leahy Jr., son of Notre Dame's head football coach, will have to change high schools if he wants to play the game the next two years. Frank Jr. made the football squad at St. Mary's High School as a sophomore last fall. Friday the school announced it is dropping football for financial reasons.

LAKELAND, Fla. (AP)—The Detroit Tigers hoped on nightcap Friday for three doubles in the seventh inning Friday to score all their runs and defeat the New York Yankees, 3-1.

LOS ANGELES (AP)—Six-hit pitching by Early Wynn and Bob Chakales edged the Cleveland Indians to a 6-4 exhibition baseball victory over the Chicago White Sox Friday. Opener Nears For Bearcat Baseball Club

Willamette's Bearcat baseballers engage in their second intra-squad game of the practice season today at McCulloch Field as Coach Johnny Lewis continues preparations for the opening of the campaign against the State Prison Greys next Saturday afternoon.

Lewis reports that his pitchers seem to be ahead of the hitters thus far. Thus far the most likely looking hill candidates are freshmen Bruce Boatman, Andy George, Dave Gray, Benny Holt and Roger Rook and Mike Glenn, who was a standout on last year's squad. All will see action in today's squad game.

Among the most impressive hitters so far in drills have been Denny Elsassner, Harve Koepf and Dave Perlman.

Perlman seems assured of the third-base slot but the other positions offer something of a question mark. Alva Brown, regular last season, is in the lead for the first-sack job with Jim Hudelson close behind. Cliff Girod, also a regular in '51, is getting a tough fight from Don Huff for the key-stone post and three men are bidding for the shortstop post. They are Millard Bates, owner of the position last season, and first-year men Elmer Haugen and Stan Kerzner.

Jack Hande, regular catcher last year, is being pressed by Freshmen Joe Harvey, Harv Koepf and Jim Stockard. Leading outfield candidates are Denny Elsassner, Gene Jones, John Markoskie and Duane Shields.

248,000 Salmon Put in Rogue, Umpqua Rivers, Coast Streams

A game commission release of 248,000 yearling silver and Chinook salmon in the Rogue River, Umpqua River, and coastal streams is nearing completion. The commission's fish tankers are distributing the salmon from the Butte Falls hatchery near Eagle Point, Rock Creek hatchery near Roseburg, and Bandon, Cedar Creek, and Alsea hatcheries on the coast.

In the Rogue watershed 50,000 silver and 18,000 spring Chinook salmon from Butte Falls hatchery have been released below Savage Rapids dam and below Agnes. From the Rock Creek hatchery 34,000 spring Chinook, 21,000 fall Chinook, and 25,000 silver salmon are being dispatched to sections of the Umpqua River below Winchester dam.

Yearling silver salmon reared at the three coastal hatcheries total 82,000 fish, and releases from Cedar Creek and Alsea hatcheries have been completed in the Alsea, Siletz, Siuslaw, Salmon, Nestucca, Necanicum, Nehalem, and Wilson Rivers. Liberation from the Bandon hatchery will complete the yearling salmon releases this month.

The early release of all hatchery reared yearling salmon is designed to have the young salmon in the ocean before trout season opens. Though immature salmon and steelhead are protected on coast streams by an 8 inch minimum length limit, the yearling salmon raised at game commission hatcheries are 18 months old and range from 8 to 14 inches in length.

All the liberated salmon are marked. Tests conducted last year on the Umpqua River by Fishery Agent Bill Pitney showed that nearly all the liberated yearling salmon went promptly to sea. The commission's fishery experts believe the yearling salmon plants may provide a much greater return than the millions of fry formerly planted. The first major return of adult silver salmon planted by the game commission as marked yearling fish should occur this fall on coastal streams.

10,000 Partridges Due In East Oregon Area

PORTLAND (AP)—Some 10,000 Asiatic Chukar partridges will be released in Eastern Oregon next fall under plans of the Oregon Game Commission. The commission said 7,000 would be raised at the Herrington game farm and the rest at the Ontario game farm.

A trial plant of 270 was made in the Waner Valley near Lakeview last fall and the birds survived one of the severest winters on record for the area. Game Agent Norman Minnick said.
