that Colby is the oldest member atomic weapons." of a gang of some seven or eight juveniles who are, by confessions, accounting for approximately \$350 of stolen property in Salem. The other members of the gang are all of age.

A great percentage of the stolen property has been salvaged by city police. It consists of sporting equipment, clothes, and other odds and ends stolen by the gang. Also money has been accounted for in confessions, but to this date it is believed to be already spent.

Arrest of Colby and several juveniles have cleared at least six burglaries in the Dallas areas and are accounting for many larcenies in Salem.
