# Al Ulbrickson **Banks on Youth Husky Oarsmen Point**

### **For Olympic Trials**

SEATTLE (AP) - Al Ulbrickson, the dour admiral of the Washington navy, is putting his chips on youth in pointing his 1952 crew for an Olympic bid.

Six oarsmen out of the 1951 University of Washington national champion freshman boat were manning sweeps Tuesday in the varsity shell. Nary a man off the '52 varsity was pulling an oar in the No. 1 boat.

Even the coxswain, Bob Witter, was a sophomore-and Ulbrickson is a coach who likes to have a voice of experience at the tiller.

There's no guarantee - and no word from Admiral Al-that the head man will stick to the youngsters, but last year's results the nationals at Marietta, Ohio, might offer a tipoff.

#### Fresh Finished First

Ulbrickson's varsity was edged out of first by Wisconsin, his junfor varsity took second behind California, but his freshman eight put on a hot finish to win the greenling race by a quarter-length over Massachusetts Institute of Technology.

The youngsters will have to convince Al they deserve to stay in their varsity slides, and they'll have lots of competition from the oarsmen in the three other boats in Ulbrickson's armada.

For the first time in several years Seattle will not have a chance to see the Washington crew in action on home water. The schedule calls for a dual clash with best in the nationals June 21 at Syracuse, N. Y., and the 2,000 me- Ed Randle ter Olympic trials July 2-4 at Wor-cester, Mass.

PHOENIX, Ariz. (AP) - Miss Edean Anderson, six times Montana State champion from Helena, captured medalist honors with a par 75 Tuesday as nearly 200 women amateurs battled through the qualifying round of the annual Trans-Mississippi Golf Tournament at the Arizona Country Club

Miss Anderson, winner of many sectional laurels, put together 39-36-75 rounds for the 6537 yard par 38-37-75 course. Match play gets under way Wednesday. The defending champion, Mary

# Want a lot of mileage for your money?

WE'LL admit that the price tags of automobiles – all automobiles – aren't what they used to be.

But it's just as true today as ever before that some price tags are lower than others, and some cars cost less to own than others.

So let's see how a Buick SPECIAL fits into the picture.

Take first cost. If you put the price tag of this Buick against price tags of cars that have always been tagged as belonging in "the low-priced field"-you'll find that, in actual dollars, a Buick's surprisingly close to these cars of lesser size and horsepower.

#### But that's just the beginning.

What you're getting here is Buick quality - this SPECIAL comes down the same assembly line as SUPERS and ROADMASTERS.

Its heft tells you it has extra sturdiness in frame and structure.

Its Fireball Engine delivers extra power. It is an eight, a valve-in-head, with high compression, and the miles you can get from a gallon of gas make it a thrifty performer.

You get Buick's Million Dollar Ride, which protects you-and the car-from jars and jolts.

Even the tires are bigger - which, any tire man will tell you, lengthens their wear.

And if you pay a bit extra for Dynaflow Drive\* you're easing the strain on the engine, the rear end, the tires-and eliminating clutch repair bills.

So when we talk about "mileage for your money" we're talking about the miles you'll get from your car-including the unused miles that are what you have to sell when you trade it in.

Maybe that's why Buick's doing so well in the present market. Why not come in and see what a great car this is for you?

Equipment, accessories, trim and models are subject to change without notice. Wheel Crests standard on BOADMASTNE, optional at estra cost on other Series. White sidewalls optional at extra cost whon available. Standard on BOADMASTEE, optional at extra cost on other Series.
