Young Lacombe Woman Beaten While Asleep

ALBANY The beating of a young Lacombe woman, while she slept early Friday, was reported Saturday by Linn County sheriff's office. The woman is Mrs. Delos Conser, 25, whose husband is with the Navy at Bremerton, Wash.

Mrs. Conser suffered severe bruises and cuts on her face when the unknown assailant beat her with his fists. She was not otherwise molested.

Mrs. Conser told a deputy sheriff that she awoke about 3:30 a.m. and thought she heard a noise in the house. She tried to turn on lights next to her bed, but they did not go on and she thought there was a power outage. It was discovered later that the fuses had been pulled out.

When she awoke again about 4:45 a.m., the man was beating her. Tangled in the bedclothes, she was unable to get loose immediately but screamed for her father-in-law, Wayne Conser, who was milking cows nearby. The attacker fled through a door and in a car, whose license number Mrs. Conser was unable to see.

Letitia Abrams Dies; Services Set Tuesday

Miss Letitia Elinor Abrams, daughter of pioneer Polk County settlers, and who operated a millinery store in Salem for many years, died Saturday at her home, 1547 Chemeketa St. She had been in ill health since last July.

She was the daughter of Mr. and Mrs. L. Abrams. He was a merchant and warehouseman in the Lincoln area who settled there in the early 1860s. Miss Abrams grew up there and in Salem, where she attended Willamette University, studying elocution and public speaking.

After graduating from Willamette in 1906, Miss Abrams taught at the old Philomath College near Corvallis.

She retired from teaching to operate a millinery store, first in Roseburg, then in Eugene, and finally in Salem until about 10 years ago. Up until her illness, she worked for Schlesinger and Co.

She was a member of the First Methodist Church and the American Legion Auxiliary.

Surviving are a brother, Col. Carl Abrams, with whom she lived; a foster-sister, Mrs. Hazel Amos of San Francisco; one niece, Mrs. Gordon Skinner of Salem; two nephews, Robert C. Abrams of Salem and Lew A. Greene of New York.

Funeral services will be held in the W. T. Rigdon Chapel at 1:30 p.m. Tuesday, with interment in the IOOF Cemetery.

Unemployment Remains Above Previous Year

Unemployment declined by 7,597 last month but the April 1 estimate of 32,567 persons looking for jobs in Oregon was still above last year's comparable figure of 29,003, the state unemployment compensation commission reported here Friday.

Although 40 per cent of the unemployed were from lumber and logging operations, most of the local offices in western Oregon's fire area reported conditions better than on April 1, 1951. Roseburg, Eugene, Lebanon, McMinnville and Astoria noted considerable improvement during the past 30 days.

Payments to workers covered by unemployment insurance amounted to \$2,101,532 in March, somewhat less than in January or February but 29 per cent more than the \$1,631,450 a year ago. This year's first quarter total of \$7,383,083, was exceeded in only one (1950) of seven post-war years. During the first three months of 1951 only \$4,879,407 in benefits was disbursed by the commission. Continued claims taken at 26 local employment offices dropped to 20,808 last week, 3201 less than a month before but 2942 more than in the same week of 1951. New claims since the start of the benefit year last July 1 now have passed \$7,000 as compared with just over \$2,000 a year ago. Exhaustions of benefit rights, however, have declined from 9524 to 6188.

Mild weather around the state has resulted in resumption of many construction, lumbering and other seasonal projects, but most areas report that the pickup so far is at a slightly slower pace than in the spring of 1951.

Give the little lady a helping hand

THIS ad is addressed to husbands—husbands who've yearned for the thrill of sitting behind a broad hood packed with horsepower—and the pride of rolling down the street in a car that tells the world, "Here's a man who knows the finest thing on wheels." But husbands have wives. And wives have been known to say, "No big cars for me. They're too hard to handle." Well, we have an answer for that one. It's a ROADMASTER with Buick's new Power Steering. And Power Steering takes over any time the steering gets tough—works like a helping hand—reduces the effort of turning the wheel of a car at a standstill to about the same effort it takes to pick up a mink coat.

BUT out on the open highway—with a clear straight stretch before you—your hands still have command of the wheel—you can feel that sure, firm, easy and eager responsiveness that's a part of the fun of driving. The rest of the fun is in something else that's new this year—the highest horsepower that a Buick Fireball Engine has ever delivered—and an Airpower carburetor that lets loose an extra reserve of power when needed, and still adds extra miles to your cruising range on each tankful of gas. So we suggest a family demonstration. You'll both like the hushed and restful silence of this superbly able traveler. You'll like the harmonious beauty of its

interior, and the deep and luxurious softness of its seats. You'll like the velvet-gloved grip of its Wide-Band brakes, and the most capacious trunk in Buick history. You'll like the smooth surge of Dynaflo Drive, and you'll like—but why waste time talking, when you could be finding out more than we can ever tell you? How about making a date to do that right now? Equipment, accessories, trim and models are subject to change without notice. While available. White available at extra cost when available. †Optional at extra cost on Roadmaster only.
