

Rainbow Girls to Hear Reports

Reports on the Grand Assembly at Lebanon will be given at the meeting of Chadwick Assembly, Order of Rainbow for Girls at the regular meeting Tuesday night at the Masonic Temple at 7:30 o'clock. Plans will also be made for the cooked food sale to be held on May 3 at the Kitchen Center.

During the business session there will be balloting of new members.

After the meeting the girls will join the Mothers Club for refreshments. The mothers will be in session at the same time as the girls. The Rainbow advisory board will meet at 7 o'clock.

The Christian Women's Club will meet on Tuesday afternoon for a one o'clock luncheon at the Marion Hotel. The Rev. C. Edward Gustafson, a missionary from Indo-China, will be the speaker. Those wishing reservations are asked to call Mrs. Zina Sharpnack.

FABRIC FEAT

Ever wish you could give your living room an exciting new personality? Inject the spirit of gay adventure into it? Imbue it with the sparkle and charm that will mark it as being indisputably yours.

Fabric is the magic where-with-all that can help you achieve all this... and even more. Used with abandon it can transform a just-about-average room into one of notable distinction. The secret lies in using an extravagant amount of fabric. It need not be expensive. A lavish amount of low-cost-per-yard material will often go farther toward achieving a luxury look than a skimpier amount of costlier yardage.

The sketch above shows an effective fabric wall treatment. Ivory colored cotton crash draperies with floral design in cyclamen pink, cornflower blue mingled with variegated shades of green foliage set the color scheme. Hung lux-

uriously full, they cascade from ceiling to floor across one entire wall, and glamorize two poorly situated, underused windows. Walls are corn flower blue muted with grey. Blue sofa in plain color several shades deeper than walls is self-assertive against patterned draperies. Lounging chairs in cyclamen pink add unexpected color accent, blend with rose-beige carpet.

To women who are watching helplessly as their skins dry up and grow old

A new greaseless flowing beauty formula that literally brings dewy moisture to aging or drying-up skin

How often have you hopefully applied night cream only to have your dreams of a dewy, youthful skin shattered by a rude awakening, your face still covered with grease. Now you can stop "buttering" your face. For here is an entirely new concept in beauty—unlike anything you have ever known—anything you have ever used.

What Makes Skin Grow Old?
You have seen fruit grow old in a bin. You have seen your corsege dry up while you wore it. And you know what causes this—DEHYDRATION. That's what so often happens to your skin too—DEHYDRATION—and sensitive skin dehydrates sooner.

Jacqueline Cochran Was Determined to Find a Flowing Formula

Impatient with all greasy creams, Jacqueline Cochran, top-flight beauty authority, was determined to find a formula that would give the skin the balanced moisture that it requires. She and her chemists worked indefatigably and through a stroke of genius FLOWING VELVET was created.

For FLOWING VELVET is a three-way flowing formula with three-way action. This unique combination of rich cream, lotion and facial oil, containing a new moisture-giving ingredient, *hydrolin*, acts on your skin in these three ways:

- It furnishes moisture that actually sinks into your skin.
- It supplies necessary oils for essential lubrication.
- It maintains the normal balance of oils and moisture.

Only FLOWING VELVET can act like FLOWING VELVET. For only FLOWING VELVET contains this new scientific, moisture-giving ingredient, *hydrolin*. *Hydrolin* is owned and controlled by Jacqueline Cochran, and this ingredient is the secret of the dewy moisture that flows into the skin—and stays there!

Flowing Velvet is just one of the many outstanding Jacqueline Cochran cosmetics.

Beauty Overnight... Beauty All the Day
FLOWING VELVET knows no time limits. Use this flowing fluid cream at night. It disappears instantly into the skin, leaving not a trace of grease on your face, on your pillow, on your husband. Use FLOWING VELVET by day. It sinks at once below the surface—with only a cool, moist look to show it was ever there—but oh, the beauty of that dewy, cared-for look! And over it goes your foundation and make-up, while FLOWING VELVET works its magic all the day!

Contains No Hormones!
A little FLOWING VELVET... just a few drops... is all that is required because its ingredients are so rich, so concentrated. But you can use *confidence in its safety*. You can wear it all day, every day... all night, every night. For FLOWING VELVET supplies the special moisture and oils your skin needs... safely and naturally. And it contains no hormones.

"If I could afford just one..."
So many women say, "If I could afford just one beauty preparation... it would be FLOWING VELVET. For what else could possibly take its place?"

MAKE THIS TEST!
Come in and see our Jacqueline Cochran representative. She will pour a few drops of FLOWING VELVET on your hand, and you will see yourself how quickly it sinks into your skin, leaving not a single trace of grease.
