

Chemicals Used In Combatting Cancer Cases

NEW YORK (AP) - A chemical used for crease-proofing cloth is one of two new drugs showing definite results in combatting some types of cancer, research chemists say.

The drugs were described by Doris McKenzie, in charge of the tumor chemotherapy group at the Lederle Laboratories Division of the American Cyanamid Co., Pearl River, N.Y.

Addressing an afternoon session of the American Association for Cancer Research, Inc., at its annual meeting Miss McKenzie reported:

"Preliminary observations of tem and tepa on children suffering from various forms of disseminated cancer have been made by Dr. Sidney Farber of the Children's Cancer Research Foundation in Boston and by the Sloan-Kettering research group of New York.

"Definite carcinolytic anti-cancer activity has been demonstrated, particularly on a malignant melanoma black skin tumor, and an angiosarcoma blood vessel tumor and a Wilm's mixed tumor."

Dr. Farber was not available for comment but was expected to elaborate on the subject of the new drugs before the conclusion of the three-day meeting Sunday.

Gervais Herd High Producer In March Test

The March production of 1,700 Marion County dairy cows in the Dairy Herd Improvement Association testing was over a million and a quarter pounds of milk in March and 60,000 pounds of butterfat. Cows tested by Joe Bilyue and Chet Anderson, DHIA supervisors, averaged 701 pounds of milk and 34.1 pounds of butterfat. Production testing is now being done for 61 dairy herds.

Frank Gratsinger of Gervais is association president and owner of the herd with the high average this month. His 45 Jerseys averaged 45.1 pounds of fat and 793.9 pounds of milk. Torvend & Phillips at Silverton, were second high with 30 Jerseys averaging 43.5 pounds of butter fat and 809 pounds of milk. Floyd Bates at Salem, Western Director of the American Jersey Cattle Club, was third. His 24 cows averaged 42.41 pounds of fat and 822.5 pounds of milk. Albert and Virgil Deihl of Mt. Angel with 20 cows, averaged 42.4 pounds of fat and 878 pounds of milk. Felix Muller at Jefferson had 22 cows averaging 41.7 pounds of fat and 754 pounds of milk.

H. H. Mikkelsen & Son of Woodburn milked 41 Jerseys that averaged 41.5 pounds of fat and 740 pounds of milk. Hugo Hemshorn's 24 Ayrshires at Mt. Angel were seventh with 41.1 pounds of fat and 889 pounds of milk and Jim Daugherty of Woodburn was eighth with 23 cows averaging 40.8 pounds of fat and 765 pounds of milk.

Fred Thomas, Gervais, turned in the high 305 day record with a Guernsey over 6 years that made 603.1 pounds of fat and 10,468 pounds of milk in the ten month period.

Frank Gratsinger had the high fat record for March on Lulu Bell. She made 96 pounds of fat and 1599 pounds of milk in March. Twenty-six cows in 12 different herds produced over 75 pounds of fat apiece during the testing period.

'North Pole' Name Wanted

FAIRBANKS, Alaska (AP) - A move has been launched for the incorporation of the area known as South Fairbanks under the new name "North Pole, Alaska."

It is now an unimproved area outside the Fairbanks city limits—part of the mushroom growth during the area's military construction boom. A community rally for the move was held the name "North Pole, Alaska" would be of economic value in business and as a postmark, especially at the Christmas season.

Most single-celled animals breathe by absorbing oxygen through the surface of their bodies.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backaches, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

4-H Contacts 'Garden Fever'

Spring fever is becoming garden fever for the recently organized 4-H garden club on North 15th Street in the Garfield area. Officers of the club are Nancy

Teague, president; Richard Teague, vice president; Joyce Stephenson, secretary; John Mayer, reporter and Martha Creighton, song and cheer leader. Other members of the club are Nancy Smith and Kay Ann Meier. Earl C. Robb is adult leader.

The club will meet Wednesday afternoon 4 o'clock at the home of Mr. and Mrs. E. U. Teague, 590

15th St. members are to bring a sketch of their garden and report on the kinds of vegetables they expect to plant.

HARDY BUTTERFLY

EDMONTON, Alta. (AP)—The caller said winter, but 8-year-old Donald Orn found a butterfly in the basement of his home.

Man Tours U.S. on Foot

POMONA, Calif. (AP)—On a walking tour of the United States, Richard E. Cook, Midland, Mich., reached Southern California in time for one of the most severe

winters in many years. But the weather doesn't bother Cook who pulls his home behind him on a wagon. His shanty on wheels contains his bedding, cooking utensils and other gear and weighs about 350 pounds.

Cook says California is the 26th state he has visited on his walk. He hopes to see the rest of them before next winter. "I'm just try-

ing to prove a man can travel through the United States without a pocketful of money," Cook said.

TV 'BANK SHOT'

DENVER (AP)—This city has no television, but Mr. and Mrs. Alex

Lissman said that for 45 minutes they watched a TV show on the set they brought here from Redondo Beach, Calif. It was a program originating in New Orleans. Telephone company officials called it a freak reception, caused probably by a reflection from a cloud bank.
