

Amity Farm Pays Top Price At Sale of Aberdeen Angus

By LILLIE L. MADSEN
Farm Editor, The Statesman

The Oregon Aberdeen Angus Association's first auction sale totaled \$27,965 for 46 head at the Oregon State Fairgrounds at Salem Tuesday. This was an average of \$607.90 and considered so successful that officials stated at its close that it would be repeated here again next spring.

Top animal was a two-year-old bull, Marbein's Brandolier 18th consigned by Ben Hilton of Grants Pass. He was out of Alpine Pride and sired by Blackcap Bandit which was credited with having produced over a million dollars worth of cattle. Broadmead Farms of Amity paid \$1,650 for him. Broadmead also bought two other top animals, one at \$1,600 from Donald E. Snabel of Powell Butte and the other at \$1,175 from Spring Meadows Farm, Oswego. Spring Meadows is owned by Kenneth Hall, president of the association.

Loren D. Hicks of Turner was consignee of the third high animal, a two-year-old bull which went to H. W. Ray of Hillsboro for \$1,500. Hicks sold one other animal, a two-year-old also, late in the sale which brought him \$430 from Emil Jacobson of Mt. Angel.

Ray left the most money for any one individual buyer at the auction, paying a total of \$8,450 for 11 animals. However W. J. Lippincott of Williams bought 15 head for which he paid but \$6,135. Five of Lippincott's were commercial Angus offered by Archie Riekkola of Astoria which brought \$365 each. Ray bought the two top females offered at the sale, paying \$1250 for Mayflower of HM, a four-year-old sold with her little calf consigned by Spring Meadows Farms, and \$1120 for Blackbird D.W. consigned by Dale West of Merrill.

Other Willamette Valley purchasers included J. E. Stafford of Springfield who bought two at an average of \$540, one from Luan Fey Woodland of Grants Pass, and the other from G. J. Klose, also of Grants Pass, at \$560; O. J. Cox of Jefferson, who bought a cow from

Grain Prices Drop Slightly

CHICAGO (AP)—Grains eased at the close of Wednesday's board of trade session after holding around the previous close most of the day. Brokers said there were no new buying incentives, and that the day was devoted mostly to evening up operations in preparation for the closing out of the May contract at the end of business tomorrow.

At the finish wheat was 1/2 cent lower, corn was 3/4 to 1 cent lower, oats were 1/4 higher to 1/2 lower, rye was 1/2 to 2/4 lower, soybeans were 1/2 to 1 cent lower and lard was unchanged to 15 cents a hundred pounds lower.

Buying Boosts Stock Prices

NEW YORK (AP)—A flurry of buying that hit in mid-session produced one of the best boosts Tuesday the stock market has enjoyed this month.

Prices advanced from fractions to around two points in favored groups such as chemicals and railroad issues.

The upturn failed to carry through to the close. Transfers totaled 1,140,000 shares. The Associated Press average of 60 stocks climbed 60 cents at \$102.30, its best advance since May 7. Rails were up 70 cents, industrials 60 cents and utilities 30 cents.

and completion has been estimated at about six weeks. An off-street parking facility is to be included for customer convenience in the 2,500 square feet of building added onto the structure already on the site.

David Scott, son of Harry W. Scott, will manage the new store and Lloyd Adair, who has been with the firm for 27 years, will take charge of the parts department.

Scott Starts Building for Cycle Service

Groundbreaking will begin this morning for the expanded Harry W. Scott (The Cycle Man) exclusive motorcycle shop to be located on the northeast corner of South Commercial and Mission Streets.

The cycle shop, located at 147 S. Commercial St., has, for the past 34 years, fulfilled the needs of the company in the repair and sale of lawnmowers, bicycles and motorcycles. The new shop will be devoted strictly to the sale of new Harley-Davidson motorcycles as well as the upkeep, repair and sale of all used motorcycles. The other shop at 147 S. Commercial St. will continue dealing in lawnmowers and bicycles.

Construction of the nearly \$10,000 building is under the contract of H. C. Hummel of Salem.
