

Registration Of Silverton Pupils Sought

SILVERTON—With less than a week of school left in the Silverton school district, M. B. Ford, principal of the grade division, is urging all parents with children who will be starting in the first grade next September to register with him at once. The 40 youngsters who have been attending kindergarten are registered, he said.

The final day for the lunch room will be Monday, May 26. On May 27, the final class day will also be the party day in the Eugene Field with no-host refreshments served in the various rooms. Children will return May 29 for their report cards.

Because no days of school have been missed this year and only a two-day Easter vacation was held, classes will be finished somewhat earlier this year, Ford pointed out. This is a boon, he added, to the berry men who are searching for pickers.

All teachers in the Eugene Field School, including the kindergarten teacher, Gladys Montgomery, will return. Mrs. C. J. Towse, who has had a year's leave of absence, will also return.
