

# Salem High School's Seniors Honored at Farewell Assembly

By NORMAN LUTHER  
Statesman School Reporter

Salem High School seniors, the Class of 1952, presented their farewell assembly for the student body at school Friday. (Photos on page 1.)

A feature of the auditorium program was the annual presentation of individual student awards and the recognition of college scholarship winners by Principal E. A. Carleton.

## Sec. Acheson, Pinay Talk Over Problems

PARIS (AP)—U. S. Secretary of State Dean Acheson and French Premier Antoine Pinay Wednesday had a heart to heart talk on the problems confronting them in making world security work.

The chief problem is what to do about Indochina in war against the Communist-led Vietminh forces. It was understood that no final decision was taken.

Officials who were present described the conference as the frankest conversation ever held by top-ranking French and American officials and said it was the first time either side had made a clean breast of their problems. Earlier in the day Acheson, Pinay, French Foreign Minister Robert Schuman and British Foreign Secretary Anthony Eden ranged over the Far Eastern situation—with special emphasis on Indochina—and also discussed the latest Russian note on unifying Germany.

## Draft Board After College Panty Raiders

ALBANY, Ore. (AP)—Linn County collegians who take part in panty raids are going to get into trouble with the draft board here.

Chairman W. V. Merrill said the county draft board would refer to defer any collegian found to have taken part in one of the raids.

"The reason for deferment of collegians is a desire to provide for a large number of intelligent men who will be competent to handle the business affairs of our nation in case of a long war requiring a heavy drain on our manpower."

"But if we must depend upon a group of panty raiders for leadership, then God help us," he said.

## Hort Society Sets Dates for Annual Autumn Meeting

Oregon's senior farm organization, the Oregon State Horticultural society, will hold its sixty-seventh annual meeting at Corvallis November 20 and 21, society president Tom Harper, Junction City, has announced.

Carl Robertson, head of the Eugene Fruit Growers Inc., will serve as chairman of the program committee, assisted by Dan Young, Eugene. Former President Ward Spatz, Medford, has agreed to assume responsibility for engaging a nationally known industry spokesman to be featured speaker.

As a preliminary measure before lining up a slate of program speakers, the society membership has been canvassed with a request for suggestions. More than 180 have been received, according to Harper.

The society will hear a report from a nine-man committee headed by Walter Bailey, The Dalles, which is studying the possibility of establishing a research and scholarship committee. Its purpose would be aimed toward furtherance of the industry.

Chew Wrigley's Spearmint gum.

Pleasant chewing aids digestion.

Freshens mouth—sweetens breath.

Enjoy it anytime, anywhere.

enjoy the flavor—enjoy the chewing

Refreshing! • Delicious!

## Kerr Professes Confidence at Portland Visit

PORTLAND (AP)—Sen. Robert S. Kerr, Oklahoma, Democratic aspirant for President, professed confidence Wednesday as he talked with Oregon Democrats.

He predicted he would win nomination at the party's national convention. "You would be surprised at the support I have obtained in going about the country. I don't have as many delegates as I would like, but I have a lot more than the other fellows think I will have," he said.

He spoke at a Democratic luncheon, defending the party against corruption charges.

"We have some sinners and we are exposing and punishing them. In fact I have never seen the Democratic party when it didn't need improving, but at the same time I have never seen it when it wasn't already a vast improvement over anything else available," he said.

Kerr is scheduled to talk with Oregon delegations to the convention, apparently in hopes of winning support from them if they are released from the candidate they are pledged to support, Sen. Estes Kefauver of Tennessee.

## Crash of B-36 At Fort Worth Kills 7 Airmen

FORT WORTH, Tex. (AP)—Seven airmen died Wednesday in the crash-explosion of a giant B-36, the world's largest land based bomber. The other 10 crewmen were injured.

The tragedy occurred at 10 minutes past noon after the big craft glided in from a routine operational flight to its home field, Carswell Air Force Base, 10 miles from downtown Fort Worth. A feathered engine on the right wing next to the pilot's seat was on fire as the craft came in. As it touched the runway it started skidding. The right landing gear crumpled. Fire broke out followed by three sharp explosions and an earth-shaking blast.

Seconds later the big metal hulk was a mass of flames. The craft carried a normal crew of 17. Ten managed to free themselves or be dragged to safety. They were taken to the base hospital for treatment of injuries. The other seven either perished in the explosions or the flames. Firemen fought the blaze two hours.

## GOP Leaders Propose New Farm Plank

WASHINGTON (AP)—Republican farm leaders in the House Tuesday proposed an agricultural plank for their party calling for a "farm modernization program" to boost production, income and living standards of every farm family.

The suggested plank also would reaffirm the party's belief in parity for agriculture. It also would pledge greater support to farm research and education, farm cooperation program and a broader system of credits for small farmers.

Parity is a term used in farm laws. It denotes a standard for measuring farm prices which is declared equally fair to farmers and those who buy their products.

The proposed plank was drafted for submission to the Republican national convention convening in Chicago July 7. It was drawn up by the party's members on the House Agriculture Committee, the House subcommittee on agriculture appropriations and the Interior Affairs Committee.

## Wake Up To More Comfort Without Naggng Backache

Naggng backache, loss of pep and energy, headaches and dizziness may be due to slow down of kidney function. Doctors say good kidney function is very important to good health. When some every day condition, such as stress and strain, causes this important function to slow down, many folks suffer naggng backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Members of the committees included Janice Taylor and Pat Collins, tickets and decorations; Maureen Gustafson, Anita Tomning and Sandra Nordyke, programs; Sue Conrad and Doris Frohn, entertainment; and Joe Largent, boys for serving.

Coralie Doughton was elected by Salem High School girls as the Girls League "Girl of the Year" recently.

Miss Doughton was picked from seven candidates picked as Girls League "Girls of the Month." The other six candidates were Joan Hamman, Jean Hartwell, Sandra Nordyke, Pat Rath, Dorothy Swigart and Marcia Webb.

Miss Doughton also was queen of the A.S.B. formal May 2.

## TRUCK DRIVER KILLED

EUGENE (AP)—William S. Alvar, Portland, a truck driver for Parker-Schramm, was killed near Oakridge Wednesday.

## Red Soils Field Day Dated June 5

Trials with commercial fertilizers on grasses, legumes and small fruits will be shown at the annual red soils experimental area field day Thursday, June 5, Superintendent Jack T. McDermid has announced.

The station is located near Oregon City. The field day will start at 9:30 a. m., and continue throughout the day.

Taking part in discussions will be Virgil Freed, agronomist in charge of weed investigations at Oregon State College, and Dr. Wilson Poole, who has a cereal nursery established in the red soils experimental area.

Results of attempts to bring depleted red hill soils back into production through cropping practices and fertilizer use will also be shown.

## Dusting Required For Field Peas

Austrian winter field peas and hairy vetch soon will require a dust to control weevils in this year's seed crop. Dusts put on as the first pods show on the blossom stems give best control, county agents are warning.

Either a five per cent DDT dust, a three-fourths of one per cent rotenone dust or a five per cent methoxychlor is recommended. DDT is not suggested for crops which are to be fed dairy or cattle livestock being finished for slaughter, both airplane and ground dusters do good work.

Fifteen to 20 pounds of DDT or methoxychlor per acre usually will give coverage or 25 pounds of the three-fourths per cent rotenone. Rotenone needs temperatures around 65 degrees to be effective, reports Ben A. Newell, Marion County agent.
