$90,000 School Levy Vote Slated in North Marion Area

Statesman News Service

HUBBARD—A special election to vote on a proposed levy of $90,000 to complete the gymnasium and auditorium at North Marion Union High School with a stage and band room will be held at the school from 2 to 8 p.m. on Monday, June 30. The tax would be divided equally over two years beginning with the 1952-53 school year.

The project was recommended by the district budget committee after an investigation of the situation. The proposed program calls for building a stage and band room on the west end of the present gym-auditorium and putting a ceiling in the auditorium.

Construction of the stage and band room was recommended to relieve a crowded situation that now exists in the basement. Addition of the stage would enable the school and organizations of community to sponsor and put on activities in the present auditorium with greater ease, it was pointed out. It would also help in such events as graduation, May Day, Christmas programs, band concerts and other activities. The addition of a band room would provide more space for the ag shop and cafeteria. The ceiling would remedy an accoustical situation now existing.

All registered voters who have resided in the Union High School District for six months or more are eligible to vote on the proposal. The budget committee consists of Norman Yergen, Ivan DeArmond, William Gooding, Cecil Lenhardt and Martin Albers, while the school board members are Eugene Cole, Clifford Blake, Isaac Williamson, Glen L. Yergen and William Fobert.

The district serves Broadacres, Donald, Butteville, Aurora and Hubbard elementary districts.
