Luby Climbing In WIL Derby

Solon Chief Now 4th; Salems Top Fielders

Boss Hugh Luby of the Salem Senators, who holds the club together both with his bat and his phenomenal second basing, has climbed into the No. 4 spot in the Western International League's batting derby, latest figures from the Chicago Howe News Bureau reveal.

In games through Sunday, June 22, Luby had a .333 batting mark. The leader was Wentatchee catcher Walt Pockeak at .355. In second place, having fallen from the lead, was Mel Wasley of Spokane with .343. Victoria's Bob Moniz also had a .343 mark.

Three Tied for Doubles

Pockeak led in total hits with 89 and total bases with 128. Wasley had most runs batted in, 50. Victoria Manager Cece Garriott, Pockeak and Victoria's Granny Gladys were in a tie for the lead in doubles, all with 20.

Lewiston's Milt Smith paced the homer hitters with seven, and Dez Charouhas of Tri-City had most triples, eight.

Chuck Oubre of Wentatchee topped the pitching department with an 8-2 mark.

Victoria held forth as the leading team in batting with a 2.85 mark. Salem was fifth at .250. The Senators held their top spot in fielding, however, with a .973 mark. Tri-City was 10 points behind at .963. The Salems also had most double plays, 74.

Sac Chiefs Believe Richie Cinch for Majors

Eddie Mulligan, big-wig of the Sacramento Solons speaking: "There's no doubt about it, we've got a \$75,000 ballplayer in Richie Myers. He's getting better and better every day, and in a couple of years—maybe sooner—he's a cinch for the majors."

Such may sound like sales talk coming from the Generalissimo of the club on which the mighty-mite shortstop is playing. But it isn't, and anyone in the neighboring Coast League these days will attest to the fact that the former Salem shortstop is definitely on his way to the top. And who knows, maybe with his age and ability he may become another Scooter Rizoito.

Mulligan, Joe Gordon and other Sacramento officials were high on Richie when he joined the Coast Leaguers in the Spring. They're even higher now.

The Senators have had some fine shortstops in the past, starting with the 1940-41 "Little Skipper" Bunny Griffiths and graduating through such memorables as Eddie Wheeler, Wally Flager and Buddy Peterson. Wee Richie is certainly qualified to rub elbows with that lot and likely will go higher in the game than any of them did.

One of the bigger disappointments of the current season, along with the lousy weather, was the failure of Andy Anderson to click as the slugging outfielder he was supposed to be. When the San Diego Padres sent the Negro flycatcher to Hugh Luby in the Spring, he was accompanied by such Padre accolades as, "He'll hit a lead in that league for you and will do you nothing but good with his big bat."

Miss Winn Now Mrs. Grauer

SHERIDAN — Miss Darlene Winn, daughter of Mr. and Mrs. Almon Winn of Jefferson, and Glen Grauer, son of Mrs. Ada Grauer of Sheridan, were married June 8 at 3 p.m. at the Talbot Community church, by Rev. Henry Turnidge. Rex Hartley was soloist.

The bride wore a white slipper satin gown with a lace bodice and sleeves. Her fingertip veil was held in place with a satin headpiece trimmed with pearls. She carried a bouquet centered with a white orchid.

Maid of honor was Miss Arlene Grauer of Sheridan, sister of the bridegroom, who wore a pink net gown and carried a bouquet of pink carnations. Miss Shirley Pippin and Miss Barbara Pippin of Independence, cousins of the bride, were bridesmaids. They wore green and orchid gowns and carried bouquets of pink carnations. Candelighters were Carol Pippin of Independence and Betty Davoport. Sharon Zehner was flower girl and Larry McGill ring bearer.

Best man was Robert Winn, brother of the bride, and ushers were Gene McKinley, Vernon Brandt, and Richard DeJong of Sheridan, and John Toves of Salem.

After the ceremony, a reception was held at the home of the bride's parents. The couple is now at home in Sheridan, where the groom is engaged in farming.

Farewell Dinner Party

Mr. and Mrs. Fred Phillips were hosts for a dinner party Saturday night at their Market Street home in compliment to Mr. and Mrs. Eugene Halley, who are leaving for Oceanside to make their home. Mr. Halley has retired as deputy warden at the Oregon State Penitentiary and his wife retired from her position as matron at the penitentiary two and a half years ago, after serving 20 years. Mr. Halley has served as deputy warden for thirty years.

B-36 Classed With Mule

SAN ANTONIO, Tex. (AP)—In the popular lingo, a giant B-36 bomber is like a mule—it's got a kick.

So Kelly Air Force Base built a solid steel fence seven feet high and 100 feet long.

It's behind a runway and protects motorists and pedestrians on a nearby road from the wind, flying gravel and sand and jet gases from B-36s and other jet-powered aircraft taking off.

The steel wall deflects the slipstreams upward and over passing autos.

Says Art Stendebach, acting civilian chief of base at Kelly: "Any Texan knows enough not to stand behind a mule. You've got to give a B-36 the same respect."

Governors Protest Federal Tax Policies

HOUSTON, Tex. (AP)—Members of the governors' conference complained Monday that the states are not getting their money's worth out of federal taxes.

Two Republican governors, Walter J. Kohler of Wisconsin and J. Bracken Lee of Utah, proposed that states be allowed to waive federal aid in return for a removal of an equivalent amount of government taxes.

Democratic Gov. G. Mennen Williams of Michigan warned however, at a round table discussion on federal-state relations: "We're not going to get very far to give up revenues if we don't render the same service."

Kohler presented figures to show that federal grants in aid to the states totaled \$2,280,959,000 for the year ending June 1951—but that the government collected in estimated \$4,459,356,000 in taxes on gasoline, liquor, wine, beer and cigarettes alone.

Aside from not getting back the full share of tax payments, Kohler said "we in Wisconsin are, frankly, sick to death of federal interference in the administration of programs which should be, and have traditionally been, the responsibility of the states."

Waited Two Months, but Nothing Happened

But Luby (and others) waited two long months for Andy's bat to start making loud noises. He proved he could run, field and throw. He also proved to be a popular item with the fans who, like the rest of us hoped that any day the likeable darkie would bust loose and start busting a few fences down.

But the day never came and Luby reluctantly had to turn Andy loose. It was a hard move to make, for the guy could have been a terrific attraction at the ball yard—if he had only hit. But such as this happens frequently in the unpredictable baseball business.

The one feature of the deal that isn't easy to understand is this: If the Padres thought so all-fired highly of Anderson when they sent him to us, then why did they abruptly order his outright release when Luby informed them he was returning Andy to them?

We hope that the heretofore friendly Padres weren't pushing off a lemon on the village Senators. But it sorta looks as if they were.

Ceremony Held At St. John's

WILLAMINA Miss Lucinda M. Plateau and LeRoy B. Leathers were united in marriage Friday, June 20, at St. John's Lutheran parsonage in Salem by the Rev. H. W. Gross.

The bride wore all white, and carried a bouquet of blue and yellow stephanotis with an orchid center. Maid of honor was Miss Bonnie Smith, who was dressed in gold with white accessories, and carried a bouquet of carnations. Lewis Leathers, brother of the groom, was best man.

The wedding party returned to the home of Mr. and Mrs. Floyd Barriger, where a reception was held. The couple is now at home in Willamina.

Mrs. Richard Spooner has invited members of her bridge club to the Saginaw Street home of her mother, Mrs. George Hull, tonight for a dessert supper.

On Etiquette
By ROBERTA LEE

Q. When a secretary is taking dictation from her employer and he receives a personal telephone call, should she leave his office until he finishes his conversation?

A. If his conversation sounds very personal, she can leave the office quietly—unless her employer motions for her to remain.

Q. May a girl accept a cedar chest from her betrothed before she receives her engagement ring?

A. This is quite all right.

Q. Is it proper to push your plate away from you on the dinner table as a signal that you have finished that course?

A. Never. When you put down your knife and fork, it is evident you have finished.

RATS HAVE YEN FOR MONEY

NAGOYA, Japan (AP)—Kintaro Murakami, a lumber dealer, didn't like banks. He hid yen worth \$150 behind a picture frame. One day he found it gone. He called police. They found his hoard, but it was in the ceiling. Rats had torn it into bits to make a nest.

Know your OREGON MILK CONTROL LAW

"You say I don't have the right to start a milk business... why not?"

BECAUSE you first must get permission. Everyone who distributes milk—whether as producer or wholesaler—must be approved by Milk Control.

Official regulations make it clear that no one will be permitted to enter the milk business if the Milk Administration says such new competition might disturb existing distributors.

Milk Control decides which distributors, as well as which producers, shall be allowed to fill our needs. No one can go into the milk business simply because he sees an opportunity. He must get permission. Once in business he cannot extend his business beyond a certain definite territory without further permission.

At the beginning of 1940 there were 766 distributors in Oregon. By 1950 their number had shrunk to 231—a loss of 70%. Yet this was the same period during which our population increased 40%.

Such rigid regulations prevent healthy competition which, in turn, could reduce milk prices just as it enables people to buy more of other foods.

The questions and answers below show some other ways in which Oregon Milk Control affects YOU.

Q. Does Milk Control allow you a lower price when you carry milk home yourself?

A. No. You pay the higher costs of door-to-door delivery whether you use this service or not.

Q. Does Milk Control limit the richness of milk?

A. Yes. The richness (butterfat content) of milk sold in each price range is limited by the rulings of the Milk Administrator.

Q. Does Milk Control set the price you must pay?

A. Yes. That is the purpose for which the law was designed. It sets floor prices, not ceiling prices.

Q. Does the Oregon Milk Control Law regulate Sanitary conditions?

A. No. It has absolutely nothing to do with the sanitation, health inspection, cleanliness, or the purity of milk.

Q. Does Milk Control limit the supply of Grade A milk?

A. Yes. To sell Grade A milk for your use a farmer must first get permission from the Administrator. If he gets permission (and many do not), he is given a quota. If he produces more he must often sell the surplus at a lower price for cheese or other factory uses.
