UNION HILL—No recreational use is being made this year of the new 12-acre lake at the Floyd Fox farm here, the family stressed on Thursday. Lack of fire protection is the reason.

Identification of a Statesman Farm Photo in Thursday's issue inadvertently said the lake would be used for recreation.

The water storage created by a dam is to be used for irrigation only, Fox said.

## Bonus Amounts Still Puzzle Few Veterans

A total of 59,645 World War II veterans bonus checks had been placed in the mails by this week, State Veterans Department officials said.

Carl Cover, chief of claims for the bonus division, said many bonus recipients appear puzzled about the method used in computing payments. A substantial number of veterans have written the department that their checks do not cover their actual service.

A conscientious ex-WAVE wrote that she apparently had been overpaid \$10.

The bonus act says payment shall be made on the basis of \$10 for each full month of stateside duty and \$15 for each month of foreign or sea duty. Fractions of months don't count, except as they may be added together to total one full month.

Checks are being issued at the rate of approximately 700 a day. Officials estimated that applications would total 135,000. Bonds aggregating \$46,000,000 already have been issued and sold. Officials said a second bond sale probably would be held next year.

He drew laughs for reciting "Casey at the Bat" and several jokes. Ogdahl, a former Willamette griddler, comes here from Portland where he coached Grant High School four years.

Milan Boniface was appointed taitwister of the club.

First of the appeals will be heard by Gaarenstroom who said he wanted to adopt some definite line of procedure. In event the bonus law permits, later appeals will be heard by members of his staff.
